## OVERVIEW

---

M/Y SUNRISE is a 141 ft (43 m) luxury motor yacht launched in Turkey by Yildiz Shipyard, the Perini Navi subsidiary. Built with a steel hull, aluminium superstructure and full displacement geometry, she is conceived to maximise volume, privacy and charter ready functionality. Completed in 2019 and delivered in 2020, this tri deck superyacht marries Ginton Naval Architects' graceful exterior lines with Hot Lab's cultured interior language. Warm timber finishes, crisp contemporary detailing and abundant natural light create serene, sophisticated living areas, all realised to exacting standards by Ulutaş Yacht Interior, a name synonymous with high end outfitting. As a displacement motor yacht configured for luxury charter, SUNRISE offers assured passage making and true bluewater composure.

Designed for both private ownership and charter operation, SUNRISE features an intelligent general arrangement across three guest decks, crowned by the uncommon inclusion of a private elevator that serves every interior level. This lift enhances circulation, preserves discretion and renders the yacht wheelchair accessible — a rarity at this LOA. Maintained in excellent condition, she has successfully completed her five year special survey with RINA Class, affirming compliance and immediate readiness. With superyacht scale, a tri deck layout and a charter compliant specification, SUNRISE is prepared for effortless operation and prompt cruising.

# DETAILED DESCRIPTION

---

## Deatiled description

---

M/Y SUNRISE is a 43 m (141 ft) steel and aluminium luxury motor yacht built in Turkey by Yildiz Shipyard, marrying robust displacement engineering with refined European aesthetics to create an exceptionally versatile and comfortable vessel. Completed in 2019 and delivered in 2020, she features elegant exterior lines by Ginton Naval Architects and a sophisticated interior by Hot Lab, with warm woods, contemporary detailing and abundant natural light, all interiors manufactured and installed to exacting standards by Ulutas Yacht Interior; the result is an interior environment that feels simultaneously intimate and expansive. Designed with equal care for private ownership and high end charter, SUNRISE offers exceptional volume across three guest decks and a rare private elevator linking every interior level from the lower deck to the sky deck, making the yacht truly wheelchair friendly and ideal for long range cruising in comfort. Accommodation for up to twelve guests is arranged in five en suite cabins, including a full beam Owner's Suite on the upper deck that serves as a private sanctuary with a king size bed oriented to panoramic views, expansive hull side windows, a private lounge, generous wardrobe space and a luxurious en suite bathroom, together with direct access to a private aft terrace that creates an intimate indoor outdoor retreat. Four further guest cabins on the lower deck comprise two spacious VIP double cabins aft, each with a comfortable double bed, en suite shower facilities and large hull windows, and two versatile twin cabins forward, each offering two single beds plus a Pullman berth to host up to three guests per cabin, with abundant storage and individual entertainment and climate control; discreet, efficient service is ensured by separate crew accommodation and carefully planned crew circulation. The main deck is devoted to convivial living and

elegant entertaining, with a luminous saloon that flows effortlessly onto the aft deck for alfresco moments, a formal dining area that seats up to twelve indoors and a professionally equipped galley forward that supports seamless service while maintaining guest privacy. Outdoors SUNRISE presents a succession of beautifully orchestrated spaces: an expansive sundeck with loungers, bar, dining setting and shaded seating, an upper deck aft forming a private enclave linked to the Owner's Suite, a shaded alfresco dining and lounge area on the main deck aft, foredeck sunbathing and seating, and at water level a welcoming beach club and swim platform that make the sea irresistibly accessible for swimming and water toys; a standout feature is the Opacmare six step transformer swim platform, which enhances comfort and safety at the water's edge, while the expansive sky deck extends the onboard ambiance with a bar, dining area, lounge seating and dedicated sunning zones. Underway and at rest she is notably quiet, with stabilizers both at anchor and underway contributing to serene comfort, and the elevator provides effortless vertical living that complements the yacht's thoughtful, inclusive design. Built by Yildiz Shipyard, a Perini Navi subsidiary, in 2019, SUNRISE pairs pedigree craftsmanship with modern capability and recognized design excellence, having been a finalist at the World Superyachts Awards in the Displacement Motor Yachts below 500 GT, 40 m and above category and a finalist at the ShowBoats Design Awards 2016 in Naval Architecture, Semi displacement Yachts; peace of mind is further reinforced by classification milestones, including the RINA Class five year Special Survey completed on 18 April 2025.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
