OVERVIEW

Manufacturer provided description

Conceived by Italy's renowned VYD Studio, refined in close cooperation with experienced owners and captains, and built by one of the world's most progressive shipyards, the Asteria 142 greets you with effortless poise. Sleek, recognizable and long-lasting, this luxury motor yacht pairs generous open deck areas with a carefully appointed interior; a focus on comfort, natural light and smooth circulation makes her equally suited to lively gatherings or serene private escapes.

The Cabana at the stern mixes the relaxed feel of a Hampton pool house with the lively atmosphere of a Miami beach bar, creating a full day waterside retreat. Thoughtfully designed as a separate "wet" area apart from the dry interior, it is perfect for family swims or energetic jet ski outings with friends. Equipped with its own food preparation surface and a convenient dayhead, and situated next to the side tender garage stocked with toys, this beach club space keeps every moment carefree and fun.

Planned to amplify openness and relaxation, the expansive foredeck is where you gather to see and be seen. A comfortable sofa, wide sunpads and a deck flush Jacuzzi convert the bow into a multiuse lounge. Sitting well above the waterline, it offers sweeping views, and the spa creates an infinity pool impression over the stem that enchants both at anchor and while underway.

With the corridor moved to starboard and a clear separation between crew and guest areas, the main salon divides naturally into dining and living sections. Floor to ceiling windows and a glass bulwark flood the interior with daylight and blur the boundary between guests and sea. Large sliding doors on three sides allow an effortless flow from the aft deck into the salon, while an elegant central bar serves drinks for both inside and outside company, embodying true open plan superyacht living.

Enclosed by glass on three sides and adaptable from intimate dinners to relaxed movie nights, the Owner's Suite invites imagination. Positioned at about five meters above the water with an uninterrupted aft view, even sailing away from the sun gains drama. A bespoke mattress and adjustable bed height ensure deep, restorative sleep; a private office, a cosy lounge nook and a reading corner lift everyday routines. Set apart from communal spaces and finished with a sumptuous marble ensuite and a large walk in wardrobe, the master stateroom is a peaceful, refined retreat for the owner and VIP guests. Highlights include performance exceeding twenty knots, a shallow draft under seven feet ideal for island hopping, an expansive Italian designed interior reflecting contemporary superyacht style, and a cabana stern beach club with a tender garage and watersports equipment that epitomize the flybridge yacht lifestyle.

Описание от производителя

Созданная итальянским бюро VYD Studio, доведённая до совершенства в тесном сотрудничестве с опытными владельцами и капитанами и построенная на одной из самых прогрессивных верфей мира, Asteria 142 встречает вас с естественной грацией. Стильная, узнаваемая и долговечная, эта премиальная моторная яхта сочетает просторные открытые палубы с тщательно продуманным интерьером; внимание к комфорту, естественному свету и свободной циркуляции делает её одинаково подходящей для живых приёмов и тихих частных вылазок. Кормовая Cabana сочетает расслабленную атмосферу дома с бассейном в Хэмптоне и энергию пляжного бара Майами, создавая целодневное прибрежное пространство. Спроектированная как отдельная «мокрая» зона, изолированная от сухой части салона, она идеально подходит для семейных заплывов или активных поездок на гидроциклах с друзьями. С собственной зоной для приготовления пищи и дневным санузлом, рядом с боковым тендер гаражом, заполненным игрушками, этот пляжный клуб

обеспечивает лёгкое и непринуждённое времяпрепровождение.

Продуманная для усиления ощущения простора и релакса, большая носовая палуба становится местом, где приятно быть замеченным. Удобный диван, широкие шезлонги и джакузи, утопленное в палубу, превращают нос в универсальную лаунж зону. Расположенная значительно выше уровня воды, она открывает панорамные виды, а спа создаёт эффект бесконечного бассейна над носовой частью, очаровывая как на якоре, так и в движении.

С переходом коридора на правый борт и чётким разделением зон экипажа и гостей, главный салон естественно делится на обеденную и гостевую зоны. Окна во всю высоту и стеклянный буйарк наполняют интерьер дневным светом и стирают границы с морем. Большие раздвижные двери с трёх сторон обеспечивают плавный переход с кормовой палубы в салон, а изящный центральный бар обслуживает как внутренние, так и наружные пространства, воплощая истинную открытую планировку суперяхты.

Окружённая стеклом с трёх сторон и приспособленная для всего — от интимных ужинов до уютных кинопоказов, каюта владельца даёт простор для фантазии. Расположенная примерно на пяти метрах над водой с беспрепятственным видом назад, даже уход под ветер становится эффектным. Индивидуальный матрас и регулируемая высота кровати обеспечивают глубокий восстановительный сон; отдельный кабинет, уютная зона для отдыха и уголок для чтения делают повседневность приятной. Удалённая от общественных зон, с роскошной мраморной ванной и просторной гардеробной, главная каюта является спокойным и утончённым убежищем для владельца и VIP гостей.

Среди ключевых преимуществ — скорость свыше двадцати узлов, малая осадка менее семи футов, удобная для перемещений между островами, просторный интерьер в итальянском стиле, отражающий современную

эстетику суперяхты, а также кормовой Cabana пляжный клуб с тендер гаражом и оборудованием для водных видов спорта, подчёркивающие образ жизни флайбридж яхты.

DETAILED DESCRIPTION

Manufacturer provided description

Asteria 142 is a premium motor yacht built by Heysea with rigorous attention to construction quality and a careful choice of top grade materials, resulting in durability and stability that distinguish her within the range. This quad deck flybridge superyacht, consisting of a bottom (lower) deck, a main deck, a second deck and a flybridge deck, is organised so every level performs a distinct role, delivering everything you expect above the waves. The flybridge is an open air haven in beach club style, furnished with generous sunbathing cushions, a heated massage spa, a family dining table, a fully equipped bar and barbecue facilities to host effortless gatherings. On the second deck the full beam Owner's Cabin is laid out to presidential standards and offers a private balcony that gathers sunlight by day and starlight by night, while a short walk forward leads to the bow where a large massage pool, additional sunpads and relaxed seating provide an intimate connection with the sea. To delight your guests from the first moment, the main deck contains a dedicated entertainment zone with a karaoke lounge, a private theatre, a sauna and a beauty clinic, all curated for wellbeing throughout the voyage. At the stern of the bottom deck a liftable hydrophilic platform forms the beach club, placing you at the water's edge for swimming and watersports and becoming the preferred leisure spot at anchor. Step aboard and you will sense how naturally Asteria 142 fulfils expectations; more than a superyacht, she is a private world afloat, an inspired quad deck flybridge yacht designed for cruising, family time and memorable charter style moments.

Electronics

The yacht's integrated navigation, communication and entertainment fit out is

comprehensive and well balanced, featuring a depthsounder, radar and wind speed and direction instruments paired with a full navigation centre that includes GPS and AIS, supported by autopilot and a precision compass; VHF and radio provide reliable communications while an onboard computer and Wi-Fi ensure smooth connectivity. For onboard leisure the fit out includes cockpit speakers and multiple television options from conventional TV sets to flat screen displays, complemented by legacy media players such as a VCR, DVD player and CD player to deliver versatile entertainment across the motor yacht.

Electrical system

Electrical power is managed with simplicity and reliability through a shore power inlet for dock connections, a robust generator for independent onboard power, and an inverter that maintains stable operation of electrical systems whether cruising or at anchor.

Inside equipment

Onboard comfort and operational control are enhanced by a Seakeeper gyro stabilizer, bow and stern thrusters for precise manoeuvring and an electric bilge pump for dependable safety. Повседневная жизнь упрощается за счёт кондиционера, отопления, горячей воды и электрических туалетов, а бытовая оснащённость включает посудомоечную и стиральную машины, духовой шкаф, микроволновую печь, холодильник и глубокую морозильную камеру, а также опреснитель пресной воды; выделенное зарядное устройство аккумуляторов поддерживает энергетические резервы в оптимальном состоянии, что идеально для продолжительных плаваний на современной флайбриджной суперяхте.

Outside equipment

Exterior amenities focus on a teak cockpit and teak side decks that provide secure footing, accompanied by a cockpit shower for rinsing after a swim. A tender extends access to secluded bays while comfortable cockpit cushions and a well proportioned cockpit table create an inviting alfresco dining area, and a swimming ladder ensures easy and safe entry to the sea — all features typical of a carefully considered luxury motor yacht layout.

Disclaimer

The company provides these particulars in good faith but cannot guarantee their accuracy or the vessel's condition, and no warranty is given or implied; prospective buyers should instruct their agents or surveyors to verify any details they consider important. This vessel is offered subject to prior sale, alteration of price or withdrawal without notice.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
