OVERVIEW

GISA captivates with her impressive 464 GT, offering remarkable space that belies her size, making her feel like a much grander vessel. The generous cabin volume accommodates up to 10 guests in five opulent cabins. The full-beam master suite is both contemporary and welcoming, featuring expansive windows, striking lighting, his and hers walk-in closets, and a stunning ensuite bathroom. Additional accommodations include a full-beam VIP cabin on the lower deck, along with two double cabins and a twin cabin.

The interior, designed by VYD Studio, exudes modern elegance. Floor-to-ceiling windows provide breathtaking views, establishing a harmonious link between the lavish living spaces and the stunning exterior, while flooding the interior with natural light. Premium specifications ensure a refined and comfortable atmosphere.

GISA also boasts remarkable outdoor amenities, including spacious exterior decks, a rear pool, and a beach club with folding wings. Alfresco dining options are available both at the bow and stern, perfect for enjoying the surroundings. This steel yacht offers an impressive range of 2,300 nautical miles and a top speed of 14 knots. Whether you are looking for a private retreat or a charter-ready investment, GISA meets the needs of a discerning owner. With limited similar yachts available in the current boat location, this is a unique chance to acquire a 2023 model.

DETAILED DESCRIPTION

Section name

This luxurious yacht offers an exquisite blend of comfort and performance, designed to accommodate up to 10 guests in style. The accommodation includes an owner's stateroom, four guest staterooms, and an owner's office within the master stateroom. The crew is well-catered for with four cabins, including one for the captain, accommodating a total of seven crew members. The yacht is powered by two CATERPILLAR C18 engines, each delivering 1015 hp at 2300 rpm, with a total of 300 engine hours as of December 2023. These water-cooled diesel engines feature turbochargers and a four-cylinder in-line configuration, starting electrically and cooled via a heat exchanger. The ZF Marine gearboxes ensure smooth operation, while the TEIGNBRIDGE PROPELLERS, with a diameter of 1500mm and five blades, provide efficient propulsion. The yacht boasts a range of 2300 nautical miles at a cruising speed of 11 knots, with a maximum speed of 14 knots.

The vessel is equipped with two CAT C4.4 generators, each producing 69 kW at 1500 RPM, and features an electro-hydraulic power steering system. Maneuverability is enhanced by a 20-inch ABT-TRAC 100 HP AC bow thruster and a 16-inch hydraulic ABT-TRAC stern thruster. Stability is ensured by two pairs of zero-speed hydraulically operated stabilizer fins from ABT-Trac. The yacht's anchoring system includes two anchors and Data Hydraulic windlasses, while the air conditioning system comprises four VARCX units with a total capacity of 120,000 BTU. Fresh air is circulated by three Dometic Cruise Air AU 24 HVZ FAMU systems, and a compressed air system is provided by GIANNESCHI.

The yacht's tank spaces are well-appointed, with a fuel capacity of 43,390 liters and fresh water storage of 10.1 m³, supported by Gianneschi ACB432

freshwater pumps. A pool fresh water tank holds approximately 2.0-3.0 m³, and black/grey water capacity is 4.68 m³. Watermakers from Parker Aquamatic XL 2600 Compact provide a capacity of 410 liters per hour, complemented by a silver ion sterilizer and water softener. The SELMAR treatment plant processes up to 4000 liters per day, and the hot water system features Gianneschi duplex steel boilers.

Safety and security are paramount, with fire hydrants strategically placed throughout the yacht, a HAFEX AEROSOL fire extinguishing system, and a drenching sprinkler system. The yacht is equipped with a comprehensive alarm and monitoring system, including bilge level alarms, tank level indications, and electrical system monitoring. CCTV cameras from Vivotek provide surveillance, and life-saving equipment includes four ARIMAR life rafts and VIKING life-saving gear.

Communication is facilitated by a Sailor 7222 VHF DSC Class A system, Sailor 6110 GMDSS, and additional equipment such as Navtex, AIS SART, and EPIRB. The yacht is also equipped with a satellite TV and VSAT system, featuring two EPAK DS9 Quattro TV-PRO units and a Starlink maritime system for seamless connectivity.

Navigation is supported by two radars, an NSO evo3a MPU multifunctional navigation system, and a P3007 GPS system. Additional navigation aids include a V5035 Class A AIS, GPS compass, and a 120WX Ultrasonic Weather station. The yacht is fitted with LOPOLIGHT navigation lights and a magnetic compass for precise guidance.

Deck equipment includes a REM MARINE electro-hydraulic gangway, a hydraulic side boarding ladder, and a swimming ladder. Guests can enjoy the main deck aft pool and a sun deck jacuzzi for relaxation.

The yacht's audio/visual entertainment system is top-notch, featuring JL Audio components, Sonos HI-END PORT, and Samsung QLED TVs in various sizes. A SONY home theatre system and Sonus Faber wall subwoofers provide an

immersive experience.

The galley and domestic equipment are state-of-the-art, with appliances from Sub-zero, Electrolux, Miele, and Gaggenau. A dumb waiter, beverage fridges, and a comprehensive range of cooking and cleaning appliances ensure all culinary needs are met.

Finally, the yacht includes a Williams Diesel Jet 505, adding to the array of luxurious features that make this vessel a true masterpiece of maritime engineering and design.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
