## OVERVIEW

---

DEIMOS is a 43 meter luxury motor yacht conceived by Italian designer Gian Paolo Nari and currently being built at Aegean Yacht, one of Turkey's most renowned superyacht shipyards. Envisioned as the expedition-minded counterpart to two sisterships, this explorer yacht marries robust engineering, extended-range capability, and a commanding silhouette within a refined sub-500 GT envelope.

Rendered in an elegant navetta profile, DEIMOS introduces a resort-like aft pool on the main deck as a distinctive touch. Her interior accommodates up to twelve guests across six generous staterooms. The full-beam Owner's suite measures in excess of thirty-seven square meters and is complemented by a twelve-square-meter private terrace that affords sweeping port and starboard panoramas—an exceptionally uncommon feature on a yacht of this length.

Crew spaces are configured to preserve guest privacy while ensuring impeccable service, with three double cabins forward and a dedicated captain's cabin beside the wheelhouse. Extensive storage and carefully arranged technical areas underpin long-range cruising, efficient operation, and true exploratory capability. Established in 1976, Aegean Yacht brings nearly five decades of continuous yachtbuilding experience to DEIMOS, blending artisanal craftsmanship with contemporary construction techniques and systems to produce a reliable, innovative superyacht that sits proudly in the sought-after categories of explorer yacht, navetta, and luxury cruising motor yacht.
