## OVERVIEW

---

The motor yacht "I LOVE THIS BOAT" stands as a masterpiece of nautical craftsmanship, having undergone a thorough refit in 2012, with further impressive upgrades in 2018 and 2023, including cutting-edge NAIAD Zero Speed Stabilizers.

This yacht available for purchase promises an unmatched yachting journey, enveloping its guests in a tranquil and calming ambiance, highlighted by opulent furnishings, rich natural woods, and a welcoming color palette. The main salon and upper deck serve as ideal spaces for either social gatherings or relaxation, allowing you to enjoy the yacht's luxurious and cozy amenities.

A beautiful etched-glass divider elegantly separates the main salon from the sophisticated dining area, where up to 10 guests can enjoy gourmet dining experiences. Moreover, there are several options for al fresco dining, further enhancing the overall enjoyment.

"I LOVE THIS BOAT" is the perfect selection for those wishing to experience the height of yachting luxury. With her extraordinary features, she is set to exceed all your expectations. Discover yacht sales at the current boat location and seize the chance to acquire a yacht that truly represents elegance and refinement.

## Yacht Description and Details

---

This 145-foot Christensen yacht is a fully outfitted masterpiece, boasting numerous enhancements that define the Christensen brand. It includes an on-deck master suite with an office, along with four additional staterooms midship on the lower deck, each featuring spacious ensuite bathrooms. The yacht is elegantly decorated with high-gloss wood and recessed lighting, creating a sophisticated and welcoming ambiance. With a generous aft deck, a roomy sky lounge for gatherings, and a sun deck complete with a Jacuzzi and bar, this yacht is perfect for entertaining guests or chartering.

As you enter the main salon from the aft deck, the expansive space for relaxation and enjoyment is immediately apparent. The salon is a design marvel, combining wood, fabrics, stones, and carpet in a stunning way. The seating area includes a large sofa, a love seat, and two chairs around a beautiful coffee table of etched glass and marquetry. The advanced AV Entertainment System features Crestron control and Lutron "One Touch" lighting. Custom madrona wood columns with etched glass panels and metal palm fronds create an open feel, seamlessly connecting the salon and dining area.

The formal dining area is equally impressive, with a large custom-made rectangular table from Holland that seats 10 in plush chairs. Buffet cabinets on both sides provide ample storage for fine china and tableware. A custom painting between the galley and dining area can be lowered to reveal a glass window, offering views into the galley or privacy during meals.

The galley, located just forward of the dining area, is a chef's paradise. It features light marble and neutral cabinetry in a country-French style, creating a cozy atmosphere. The custom hood above the stove has a unique light blue

"under the sea" tile design. With a large window, light granite counters, two sinks, and plenty of storage, the galley is both functional and beautiful. Additional features include a built-in Miele coffee machine, a countertop grill, an Alto-Shaam smoker, and a large pantry with extensive refrigeration and freezer space.

To the starboard of the galley is the main deck foyer, featuring intricate flooring with hand-chipped glass and madrona wood inlays on a mirrored surface, adding depth and sparkle. Spiral glass staircases lead to the main guest area on the lower deck and the sky lounge on the bridge deck. The day head includes a glass sink, toilet, and custom artwork.

The full-beam master suite on the main deck is a luxurious retreat. It includes an office, vanity, king-size bed, sofa, and two large walk-in closets with a washer/dryer. High-gloss surfaces and natural wood highlight the room, while silk panels and accessories soften the look. The ensuite bathroom features hand-chipped glass details, towel warmers, and granite counters with fiber optics that glow. The walk-in shower separates "his" and "hers" sides and includes a waterfall feature.

Midship on the lower deck is a guest foyer with marble flooring and chipped glass details, leading to four guest staterooms. Two queen staterooms are aft, offering ample space, while two twin staterooms are forward with adult-sized beds. All staterooms have spacious ensuite bathrooms with large showers and marble details. Silk panels and high-gloss wood are featured throughout.

The sky lounge on the bridge deck is a haven for relaxation and entertainment, with custom elements like reflective zodiac symbols. It includes a fully equipped bar with etched glass and seating for four. Plush carpet and an entertainment center with surround sound and a 50" plasma TV offer endless entertainment. A large seating area and coffee table provide a welcoming space to unwind. A day head with a glass sink and marble floor is just forward of the lounge.

Aft of the sky lounge is a covered deck with a large circular table for 10, ideal for al fresco dining. Intimate seating areas are located aft, and a large wet bar with a sink, refrigerator, and ice maker is to starboard.

Forward of the sky lounge is the pilot house, with a soft blue tone and teak flooring. Two captain's chairs, a settee, and a table provide space for crew and guests to enjoy cruising. The Captain's cabin with an ensuite bathroom is just off the bridge, offering easy access and privacy.

Forward of the bridge is an oversized sun pad for four or more adults, with speakers for music. The sun deck is accessed via a wide staircase and features a Jacuzzi for 10, a large bar with a Rum Runner machine, ample seating, and two captain's chairs for steering. One of the yacht's tenders and two PWC Seadoos are stored aft. A large grill and davit are also present.

The aft deck offers a spacious area for relaxing, dining, and entertaining, with a large teak table for 10 and a bar with swivel seats. Boarding is possible via port and starboard gates, with access to the swim platform and bridge deck via a starboard staircase.

The swim platform "Beach Club" is perfect for lounging or water sports, with umbrellas for shade. Access to the engine room is also here.

The engine room is a marvel, with red engines, gold-tone diamond plate, air conditioning, a control room with an office, and a lazarette with a dive compressor.

The crew area is forward of the main guest area, with three cabins for up to eight crew members, including the Captain's double. There is a crew table, small galley, pantry, TV, laundry room, and access to the main guest area via a hidden door.

## Disclaimer

---

The company offers the information about this yacht with complete honesty,

but it cannot promise or confirm the precision of the details shared, nor can it guarantee the vessel's condition. Potential buyers are advised to employ their own agents or surveyors to meticulously examine and verify any specifics they consider essential. This yacht is on the market for purchase, though it is crucial to understand that it may be sold, have its price altered, or be removed from the market without any prior notification.

## Upgrades from 2012 till present

---

The yacht has experienced a series of major enhancements from 2012 to the present, boosting both its performance and opulence. In 2023, the vessel was fitted with advanced NAIAD Zero Speed Stabilizers, providing a more stable journey at sea. The main engines were upgraded with new injectors, limiting valves, and fuel lines, all sourced from the factory, to ensure peak performance.

In 2018, the yacht's interior was revitalized with new carpeting and additional speakers throughout, elevating the onboard atmosphere and sound quality. The year 2017 brought a thorough upgrade, featuring new exterior cushions on the sun deck and a complete refurbishment of the air conditioning system, including a full cleaning of the ducts. A significant investment of \$200,000 was made to enhance the audio-visual systems, integrating a Crestron system, new televisions, and an improved sound system. All cabins received new mattresses, and the yacht was outfitted with a new water slide and two new sea scooters, enhancing its recreational offerings.

In 2012, the main engines were replaced with new MTU engines, delivering dependable and robust propulsion. Additionally, new teak decking was installed, enhancing the yacht's visual appeal and longevity. These upgrades collectively ensure that the yacht remains at the pinnacle of luxury and performance, providing an unmatched experience for its guests.

## Mechanical / Electronics / Safety/ Auxiliary Equipment

---

The yacht is driven by two MTU 8V 4000M60 engines, each delivering 1140 BHP at 1800 RPM, installed by Christensen Shipyard in 2012, with 4000 operational hours. These engines are coupled with Twin Disk DD6650 gearboxes, featuring a 3:21:1 ratio, and propel Bruntons 55" x 45" five-blade Nibral propellers. The electrical system is powered by Northern Lights generators, with the port generator having 846 hours since its major overhaul and the starboard generator 1727 hours. An emergency generator is also available, ensuring a steady power supply. The Hyak Electronics Converter provides versatility with its 480/380/240/208 Phase 3 or 1 Hz-50 or 60 options.

Auxiliary equipment includes two Village Marine Tec PW 200 watermakers, capable of producing 2000 gallons daily, and Naiad 510 stabilizers with Datum Three-Term Digital Control for improved stability. The American Bow Thruster 24 TRAC Dual Prop delivers 100HP of thrust, while the Alfa Laval fuel separator and Racor 75/100 Max-30 turbine-style fuel filtration system ensure clean fuel delivery. The yacht's bilge water is filtered by Nelson Industries' Bilge Boy, and the sewage system is managed by the Fast Systems Model MX-15 Biological Aerobic Type. Freshwater is purified using a ChemFree C-10 Ozone Generator with an Aqua City carbon media filter. The steering system is robust, featuring a primary Jastram PSM engine-driven system and a secondary Jastram PSM electro-hydraulic system.

The yacht's electronics are cutting-edge, featuring X Band and S Band Furuno radars, an Anschutz Pilotstar autopilot, and an Anschutz Gyro Star gyro compass. Navigation is further supported by two Garmin 5208 GPS units and Nobletech Trident plotting software. Communication is facilitated by a Mini-VSAT (KVH V7) system for voice and data, along with 4G LTE and voice capabilities. The VHF and MF/HF communication systems are comprehensive,

with equipment from Standard Horizon, Furuno, and SEA. The yacht is also equipped with a Cisco SA520W router/firewall and Dell desktop computers in strategic locations.

Safety and security are of utmost importance, with a fire control system that includes a main fire pump, six fire stations, and a backup fire/bilge pump. The engine room is protected by an FM200 system, and the galley features a Badger Range-Guard Wet Suppression System. There are 26 fire extinguishers strategically placed throughout the yacht, and a general alarm system is linked to the ship's monitoring system. Security is enhanced by a CCTV system with six Elbex EXC 90 cameras and an Elbex EXX 9205 Matrix Controller, along with motion detectors and ship safes in key cabins.

The galley is outfitted with premium cooking appliances, including a Viking cooktop and oven, a Miele countertop grill, and an Alto Shaam smoker. Refrigeration is provided by Sub-Zero units throughout the yacht, with additional Miele dishwashers and a Kitchen Aid trash compactor. The owner's cabin features a Sub-Zero double drawer refrigerator and a compact washer/dryer. The upper deck salon and deck, sundeck, aft deck, and crew quarters are all equipped with Sub-Zero refrigeration and Whirlpool ice makers, ensuring convenience and luxury at every turn.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide.
