## OVERVIEW

---

Conceived and built by AB Yachts and launched in 2016, the 44.6m FAST & FURIOUS is a high-performance superyacht that fuses powerful capability with refined elegance to create an unforgettable yachting experience. Her immaculate interior, where patterned timbers are paired with warm, neutral palettes, stands among the most eye-catching in the sporty performance category. She accommodates up to ten guests across five generously proportioned staterooms, including a Master suite appointed with a fold-down balcony. Outdoor living and entertaining are seamless, extending from the foredeck and expansive sundeck down to the beach club, with a dedicated party deck complete with a bar. The lower deck provides a fully equipped gym and a private office. Designed for owners who prize rapid, confident passages between ports, this distinctive yacht delivers exhilarating acceleration while retaining poised, stable seakeeping. Powered by 3 x MTU 16V 2000 M94 2600hp, FAST & FURIOUS cruises comfortably at 37 knots and tops out at 42 knots.

# DETAILED DESCRIPTION

---

## Equipment

---

Every element of this yacht has been selected and installed to deliver understated luxury and effortless seakeeping: twin SeaKeeper stabilizers work in concert with four HUMPHREE Interceptors to ensure exceptional onboard comfort, while shore power is supplied through dual connections capable of 50/60 Hz at 350/400 V. Onboard electrical resilience is provided by six EXIDE batteries rated 180 Ah, 1500 Wh, together with two EXIDE 100 Ah batteries, each dedicated to a generator, and climate control is maintained by a Condaira air-conditioning system. Vessel systems for safety and operations encompass a comprehensive monitoring alarm suite, an Autronic fire and smoke detection system, underwater lighting, a telephone network and a Boning CCTV installation. Communications are assured by a Furuno FM 8900S VHF, a FURUNO Inmarsat Fleet Felcom 250 SATCOM unit and Starlink for global connectivity. Safety equipment includes an EPIRB, radar reflector, meteo receiver, portable RTX VHF, AIS (Furuno FA 150), BNWAS, a ship's horn and a fixed FM200 firefighting system installed in the engine room.

Navigation and deck systems are equally thorough, featuring radar, a sounder-log system and an RX GPS, supported by traditional navigation instruments such as a barometer, clock, inclinometer, training manual, compass deviation card, binoculars, a navigation tool kit, navigational lights, registration and international code flags, day shape signals, instructional posters and signage for survival craft and equipment operations, a hand bearing compass and an Aldis lamp. Deck handling and anchoring are managed by two Lofrans windlasses and two Lofrans capstans, with two galvanised 220 kg HHP anchors and two galvanised anchor chains (120 m). Mooring is arranged for maximum flexibility with four bollards on the foredeck

(two port, two starboard), four on the aft deck (two port, two starboard) and two spring-line bollards amidships (one port, one starboard), and fairleads positioned fore, aft and amidships (one port and one starboard at each location). Boarding is made seamless by an integrated transom-mounted retractable gangway that extends over the swim platform extension.

The galley is specified for professional service and refined entertaining, equipped with a dishwasher, built-in oven, steam oven, microwave oven, four induction hobs, a deep fryer, four fridge-freezers and a Corian worktop incorporating two integrated sinks with a flexible-hose water tap, complemented by a stainless-steel exhaust range hood linked to the exhaust ventilator with removable grease filters. Laundry facilities include two 6.5 kg washing machines, two 6.5 kg dryers, a conventional iron and an Iron DILAS, while crew comfort is supported by a dedicated mess outfitted with a fridge-freezer and a Krups Nespresso coffee machine.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
