# DETAILED DESCRIPTION

---

## Section name

---

This exceptional yacht is a masterpiece of design and engineering, crafted with unique exteriors and interiors by AB in close collaboration with the owner. As world leaders in jet propulsion, AB has ensured that this yacht offers an unparalleled lifestyle and performance. It is powered by three MTU M94 engines, delivering a thrilling top speed of 42 knots. The yacht features expansive exterior entertainment and lounge spaces, from the foredeck and sundeck to the beach club, all designed to provide the ultimate in relaxation and enjoyment.

Inside, the yacht boasts modern and stylish interiors filled with natural light, creating a welcoming and luxurious atmosphere. The master suite is a standout feature, complete with a drop-down balcony, while the large garage and beach club offer additional leisure options. The lower deck includes versatile spaces such as an office or gym, catering to a variety of needs.

Accommodation on board is generous, with an owner's suite that includes an ensuite, office, and balconies, as well as four guest suites that can accommodate up to eight guests in three double rooms and one twin room. The yacht also provides accommodation for a crew of eight in six berths, ensuring a high level of service and comfort.

The yacht's principal particulars include a length overall of 44.66 meters, a beam of 8.30 meters, and a draft of 1.25 meters, with a gross tonnage of 338T. It is built to RINA certification compliance and flies the flag of the British Virgin Islands. The yacht's maximum speed is 42 knots, with a cruising speed of 37 knots at a range of 3,100 nautical miles. Fuel consumption varies with speed, using 1100 liters per hour at 30 knots, 600 liters per hour at 15 knots, and 400 liters per hour at 10 knots.

Constructed with a GRP (Kevlar infused hull) and teak decks, the yacht is both durable and elegant. It has a fuel capacity of 23,500 liters, a water capacity of 5,600 liters, and a sludge capacity of 270 liters. The propulsion system includes three MTU 16V 2000 M94 engines, each producing 2600 HP, with engine hours recorded at 1506 for the port engine, 1095 for the center engine, and 1505 for the starboard engine. The yacht is equipped with KOHLER generators, with the port generator having 6012 hours and the starboard generator 5619 hours. Stabilization is provided by twin Sea Keeper stabilizers and four HUMPHREE interceptors, ensuring a smooth and comfortable ride. The electrical system includes shore power connections with 50/60Hz voltage and 350/400 V, supported by batteries from EXIDE. The yacht is equipped with a Condaira air-conditioning system for optimal comfort.

The yacht's systems include a monitoring alarm system, fire and smoke detectors, underwater lights, a telephone network system, and a CCTV system by Boning. Communication is facilitated by a VHF system (Furuno FM 8900S), a SAT. COM. system (FURUNO Inmarsat Fleet Felcom 250), and Starlink connectivity.

Safety systems are comprehensive, featuring an EPIRB, radar reflector, meteo receiver system, portable RTX VHF system, AIS (Furuno FA 150), BNWAS system, and a ship's horn. Navigation equipment includes a radar system, sounder-log system, and RX GPS system.

The yacht is well-equipped with safety and nautical equipment, including a fixed firefighting system (FM200) in the engine room, barometer, clock, inclinometer, training manual, compass deviation card, binoculars, navigation tool kit, navigational lights, registration flags, international code flags, navigation day shape signals, posters and signs for survival craft and equipment operations, hand bearing compass, and an Aldis lamp.

Deck equipment includes two windlasses and two capstans by Lofrans, with anchoring provided by two galvanized 220kg HHP type anchors and two

galvanized anchor chains of 120 meters each. Mooring bollards are strategically placed on the foredeck, aft deck, and midships, with fairleads positioned for optimal mooring flexibility. The yacht also features an integrated transom-mounted retractable gangway over the swim platform extension. The galley is fully equipped with a dishwasher, built-in oven, steam oven, microwave oven, four induction hobs, a deep fryer, four fridge-freezers, a Corian top with two integrated sinks, and a stainless steel exhaust range hood with removable grease filters. The laundry facilities include two 6.5 kg washing machines, two 6.5 kg dryers, an iron, and an Iron DILAS. The crew mess is equipped with a fridge-freezer and a Krups Nespresso coffee machine. A detailed inventory is held on file, ensuring that every aspect of this yacht is meticulously documented and maintained.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
