OVERVIEW

The Niigata 45m is an expedition yacht that seamlessly blends modern opulence with robust exploration features. Initially crafted by Japan's Niigata Shipyard, she underwent a comprehensive refit in 2023/24, evolving into a specialized expedition vessel, perfect for venturing into remote waters.

Her exterior is the brainchild of Periscope Naval Architects, while the interiors are crafted by Ashley Sutton Design, with naval architecture by the original Niigata Shipyard team. Boasting a sturdy, seaworthy construction and accommodations for up to 13 guests in five cabins, she is ideal for adventurous owners who desire luxury without sacrificing capability. If you're looking to buy a yacht, this vessel is a prime candidate in the yacht sales market at the current boat location.
