OVERVIEW

The Global 450 is designed for those who seek adventure on the open seas and cherish the experience of being close to the water. This remarkable yacht, measuring 45.5 meters and weighing 475 gross tons, boasts a range of cutting-edge features. At the stern, an expansive beach club area with fold-down bulwarks invites relaxation, complemented by a generous pool and terraced steps that lead gracefully to the swim platform. The semi-enclosed 'winter garden' on the main deck provides an exquisite setting for al fresco dining.

A standout feature is the master stateroom located at the front of the main deck, which includes a private office with a fixed balcony, allowing owners to stay connected to their business while at sea. True to the Dynamiq brand, the sundeck is among the most spacious in its category, featuring a second pool, a bar, and the option to incorporate gym equipment, making it perfect for workouts with breathtaking views. With four guest cabins situated on the lower deck and an impressive oceanic range of 4,000 nautical miles, the fast displacement Global 450 combines striking aesthetics with luxurious comfort, making it an exceptional choice for yacht sales in the current boat location. If you're looking to buy a yacht that embodies elegance and adventure, this is an opportunity not to be missed.
