OVERVIEW

Novurania's reputation for exquisitely hand-crafted tenders is known the world over, and the Deluxe line embodies that same commitment to luxury and build quality. Its deep V hull and pronounced bow flare have been engineered to deliver a composed, stable ride, while a Yamaha four-stroke outboard provides quiet, dependable propulsion that invites you to extend every outing. The results are a boat with a discreet, sporting character that naturally encourages further exploration.

As the apex of luxury center-console RIB tenders, the Novurania Deluxe series also stands on its own as a performance-oriented sport boat. Whether you require a tender that functions independently of the mothership or prefer an inflatable configuration for threading through local bays and island chains, these boats can be fitted with a comprehensive electronics package tailored to your needs, limited only by imagination.

Practical versatility is built in: the 460 DL comes equipped with a ski tow pylon capable of pulling a water skier even on slalom skis, and it easily stows two wakeboards or knee boards while remaining fully able to tow a variety of inflatable water toys. Larger Deluxe models expand on this flexibility with multiple seating and deck layouts, offering virtually endless customization. With ample power underfoot, they can effortlessly ferry extra guests to and from the dock or beach.

This tender is offered ready for immediate use and represents an outstanding choice for anyone looking to buy a yacht or explore yacht sales in the current boat location.
