OVERVIEW

The 48-meter luxurious vessel MOONRAKER, constructed by Bilgin Yachts in 2019, features a sturdy steel hull combined with a refined aluminum superstructure. Her eye-catching exterior and naval architecture are the innovative work of Unique Yacht Design, while the elegant interiors are expertly crafted by Ilkay Dovan from the shipyard's in-house team. For those in the market for a yacht, this vessel stands as a quintessential example of opulence and sophistication. Currently situated in a prime location for yacht transactions, MOONRAKER presents an outstanding opportunity for buyers seeking a yacht that epitomizes both style and expert craftsmanship.

DETAILED DESCRIPTION

Section name

The main deck of this opulent yacht provides a generous space near the water, where guests can unwind on sun loungers or indulge in a variety of water toys. At the aft of the main deck, a large sofa lines the stern, paired with a coffee table that creates a relaxed setting for alfresco dining and enjoying the passing scenery. This area smoothly transitions into a sheltered outdoor seating, dining, and movie space, leading down to the expansive beach club.

On the partially open upper deck, you'll discover sun beds along the stern and plenty of room for a large outdoor dining table, offering shaded seating for all guests. The Portuguese deck is cleverly designed with a C-shaped sofa and a coffee table, which can be shaded by a canvas screen, and a Jacuzzi located further forward. The bow is efficiently used for storing motorized water toys, which are launched and retrieved with a Davit crane.

The yacht's interiors are a wonder, envisioned through a kaleidoscope in every detail, with radial designs evident throughout the bright and clean living areas. The main foyer showcases a staircase where light pours down from the sundeck Jacuzzi above, and the 'Caviar lights' inspired by nature feature gold and silver accents. These elements, along with the marble in the en-suite bathrooms, create a striking contrast to the vessel's pristine white appearance.

Aboard MOONRAKER, comfort and entertainment take center stage, with features including a beach club for relaxing by the water. Guests can keep up with their fitness routine at sea in the well-equipped gym or relax with a glass of champagne in the deck Jacuzzi. The master suite is a haven, boasting a custom-designed headboard, a skylight above the bed, and a balcony with stunning water views.

Built with a steel hull and aluminum superstructure, this yacht provides ample

onboard space and improved stability at anchor, thanks to its full-displacement hull. Powered by twin MTU engines, it cruises smoothly at 12 knots and can reach a top speed of 16 knots, with an impressive range of 3,500 nautical miles from its 67,500-liter fuel tanks at 11 knots. An advanced stabilization system onboard minimizes the yacht's side-to-side roll, ensuring guests enjoy exceptional comfort whether at anchor or on the move.

Tender & toys

This yacht boasts an exceptional collection of tenders and toys crafted to elevate your aquatic adventures. Among the standout features are two 2023 Yamaha Waverunner Jetblasters, delivering exhilarating rides over the waves. For those seeking a deeper dive into underwater exploration, the yacht offers two FS5 Seabobs, ideal for venturing beneath the surface. Additionally, a Lift Efoil is available, offering a thrilling and unique experience of gliding above the water. For those interested in exploring on land, three Segway E-Scooters are provided, enabling guests to effortlessly navigate their surroundings with grace and style. This extensive array of tenders and toys guarantees that every moment on board is brimming with excitement and discovery.

Comprehensive list of works

This yacht has received a thorough series of enhancements and updates, both inside and out, ensuring it remains at the forefront of luxury and performance. The exterior has been revitalized with a newly painted hull at Rybovich Ship Yard in 2024, complemented by new deck cushion covers, throw pillows, and exterior tabletops added in 2023. The yacht is also set to feature new exterior dining chairs in 2025, and brand-new exterior speakers were installed in 2024. Enhancing its allure further are three new stainless steel illuminated name boards, a fresh tender tow line, and new deck mooring lines.

On the bridge, the yacht is outfitted with two new TRANSAS ECDIS systems and UPS, planned for 2025, alongside two Furuno RADARs installed in 2022. Safety and emergency gear have been upgraded with new fire extinguishers, blankets, Drager fire masks, radios, and PTT equipment. The yacht also includes 15 additional Viking life jackets and a new outboard engine for the rescue boat from 2022.

For water sports lovers, the yacht provides two new Yamaha Wave Runner jet skis, two new SeaBobs with charging stations in the tender garage, a new Lift E-foil, and a new AquaBana King Lounger, all introduced in 2023. The equipment is complemented by new O'Neil PFDs, scuba masks, snorkels, fins, boots, rash vests, and three Segway E-Scooters with charging stations.

Beach setups have been upgraded with a new Webber BBQ, ten new Moonraker embroidered beach chairs, three trestle tables, and EZ Up Gazebos. Guests can enjoy beach games like Giant Jenga, corn hole, volleyball, and boule, with new deck and beach embroidered towels, two premium Sony portable speakers, and Yeti coolers and bags.

The gym is fully outfitted with a new Row ERG rower, Peloton, Assault Fitness Watt bike, resistance bands, ab roller, foam rollers, yoga mats, adjustable dumbbells, kettle bells, and a pull-up bar attached to the transom door.

Interior upgrades include the installation of a Sky Lounge Bar in Genoa in 2023, featuring custom Carrara marble bar tops, Fisher & Paykel fridges, a wine fridge, Frau bar stools, and a tempered glass shelf. Soft furnishings have been enhanced with custom sofas, ottomans, and banquet seating, along with reupholstered bed frames and custom curtains. The flooring has been updated with wooden floors in the Sky lounge, bridge, office, Captain's cabin, crew mess, and laundry.

The yacht's wrap has been refreshed throughout the bridge and interior, changing the gold to brushed chrome. Coffee tables have been added to the Sky lounge and main salon, and electrical upgrades include the installation of a

100" Sony TV in the Sky lounge and 75" Sony TVs in the main salon.

Professional Miele tumble dryers, dishwashers, ice machines, and a Siemens fridge have been installed, along with Miele handheld stick vacuums.

Appliances have been upgraded with a Jura coffee machine, Sage kettles, toasters, milk frothers, a juicer, Vita mix, citrus press, Dyson hair dryers, and Dyson Air wraps. Grohe faucets and taps have been installed in the Master cabin bathroom, and the crockery and flatware have been updated with JL, Waabi, Jars, Dibbern, ASA, Fortessa Melamine, Boldware glasses, Christofle, and Guy Degrenne sets.

Interior décor has been enhanced with Gloster Ambient Ray outdoor lanterns, Luminara candles, Villari items for guest bathrooms, Kim Seybert tableware, and a selection of interior décor. Carpentry improvements include creating storage under the Master cabin bed.

Engineering upgrades are extensive, with propulsion improvements including the replacement of fuel injectors, overhauling of turbos, and cleaning of heat exchangers. The shafts, propellers, and rudders have been serviced, and new exhaust blankets installed. Electrical upgrades include new fuel injectors for generators, new electrical ends, and upgraded lights throughout the yacht.

The air conditioning and ventilation systems have been overhauled with new copper nickel pipes, sea water and chilled water pumps, condenser coils, blowers, and fan coil motherboards. Refrigeration systems have been serviced, and new compressors, condensers, liquid receivers, and sea water pumps installed.

The freshwater system has been upgraded with new boilers, hydrophore pumps, hot water circulation pumps, and overhauled watermakers. The sewage treatment plant has been serviced, with overhauled vacuum pumps, discharge pumps, and new grease traps installed.

Fuel and oil systems have been maintained with regular servicing of the fuel purifier and cleaning of tanks. The compressed air system has been updated

with a new safety valve, and door hardware has been replaced on both exterior and interior sliding doors.

Hydraulics have been overhauled with new hoses, stabilizers, capstans, anchor windlass, steering oil, balcony cylinder barrels, rescue crane cylinder barrels, jet ski crane cylinders, and transom door adjustments. AV/IT upgrades include the installation of Starlink antennas and Triton Maintenance for planned maintenance.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
