OVERVIEW

The 48-meter yacht MOONRAKER, completed by Bilgin Yachts in 2019, combines a robust steel hull with a gracefully sculpted aluminum superstructure; her commanding exterior profile and naval architecture are the creation of Unique Yacht Design, while the elegant, thoroughly considered interiors were brought to life by İlkay Dovan working with the shipyard's own team. For those exploring yachts for sale, MOONRAKER stands as a refined example of both luxury and technical accomplishment, and now located in a prime spot for yacht sales she offers an exceptional opportunity for buyers seeking a vessel that unites style with consummate craftsmanship.

DETAILED DESCRIPTION

Section name

The main deck of this luxurious yacht offers a spacious environment close to the water, where guests can relax on sun loungers or enjoy the full complement of water toys. The main deck aft features a large sofa lining the stern, complemented by a coffee table that creates a casual space for alfresco meals and watching the world go by, and this area seamlessly transitions into a sheltered alfresco seating, dining, and movie area that leads down to the expansive beach club. Moving to the partially exposed upper deck, you'll find sun beds along the stern and ample room for a large alfresco dining table, providing shaded seating for all guests, while the Portuguese deck is thoughtfully designed with a C-shaped sofa and a coffee table that can be shaded by a canvas screen and a Jacuzzi positioned farther forward, and the bow is efficiently utilized for storing motorized water toys, launched and retrieved using a Davit crane. The yacht's interiors are a marvel, imagined through a kaleidoscope in every detail, with radial designs noticeable throughout the clean and bright living spaces; the main foyer features a staircase where light streams down from the sundeck Jacuzzi above, and the 'Caviar lights' inspired by nature are accented in gold and silver, these elements together with the marble in the en-suite bathrooms provide a striking contrast to the pristine white appearance found throughout the vessel. Onboard MOONRAKER, comfort and entertainment are paramount, with amenities including a beach club for relaxing at the water's edge, a well-equipped gym to maintain fitness routines at sea, and a deck Jacuzzi ideal for unwinding with a glass of champagne, while the master suite serves as a true sanctuary, featuring an in-house designed headboard, a skylight elevated above the bed, and a balcony that offers breathtaking views of the water.

Constructed with a steel hull and aluminum superstructure, this yacht offers greater onboard space and enhanced stability when at anchor thanks to its full-displacement hull, and powered by twin MTU engines it comfortably cruises at twelve knots and reaches a maximum speed of sixteen knots, with an impressive range of three thousand five hundred nautical miles from its 67,500-liter fuel tanks at eleven knots; an advanced stabilization system onboard reduces the side-to-side roll of the yacht, ensuring guests experience exceptional comfort levels whether at anchor or underway.

Tender & toys

This yacht is equipped with an impressive array of tenders and toys designed to enhance your on-water experience, with highlights that include two Yamaha Waverunner Jetblasters from 2023 that deliver exhilarating rides across the waves, two FS5 Seabobs for immersive underwater exploration, and a Lift Efoil that provides a unique and thrilling way to glide above the water, while for on-land exploration three Segway E-Scooters allow guests to effortlessly discover coastal surroundings with ease and style, and this comprehensive selection of tenders and toys ensures that every moment spent on board is filled with excitement and adventure.

Comprehensive list of works

This yacht has undergone extensive improvements and upgrades, both exterior and interior, ensuring it remains at the pinnacle of luxury and functionality, with exterior enhancements that include a freshly painted hull completed at Rybovich Ship Yard in 2024, new deck cushion covers, throw cushions and exterior tabletops added in 2023, new exterior dining chairs planned for installation in 2025, and all-new exterior speakers fitted in 2024, complemented by three new stainless steel light-up name boards, a new

tender tow line and new deck mooring lines. On the bridge the yacht is equipped with two new TRANSAS ECDIS systems and UPS scheduled for 2025 alongside two Furuno RADARs installed in 2022, and safety and emergency equipment has been upgraded with new fire extinguishers, blankets, Drager firefighting masks, radios and PTT equipment, together with fifteen additional Viking life jackets and a new rescue boat outboard engine from 2022. For water sports enthusiasts the vessel offers two new Yamaha Wave Runner jet skis, two new SeaBobs with charging wall mounts in the tender garage, a new Lift E-foil and a new AquaBana King Lounger, all added in 2023, supported by new O'Neil PFDs, scuba masks, snorkels, fins, boots, rash vests and three Segway E-Scooters with charging wall mounts. Beach setups have been enriched with a new Webber BBQ, ten Moonraker-embroidered beach setup chairs, three trestle tables and EZ Up Gazebos, while games and leisure accessories include Giant Jenga, corn in the hole, volleyball and boule, new embroidered deck and beach towels, two high-end Sony portable speakers and Yeti coolers and bags. The gym is comprehensively equipped with a Row ERG rower, Peloton, Assault Fitness Watt bike, resistance bands, ab roller, foam rollers, yoga mats, adjustable dumbbells, kettle bells and a pull-up bar fitted to the transom door. Interior improvements include the installation of a Sky Lounge Bar in Genoa in 2023 featuring custom Carrara marble bar tops, Fisher & Paykel fridges, a wine fridge, Frau bar stools and a tempered glass shelf, alongside upgraded soft furnishings with custom sofas, ottomans and banquet seating, reupholstered bed frames and custom curtains, and new wooden flooring in the Sky lounge, bridge, office, Captain's cabin, crew mess and laundry. The yacht's wrap has been updated throughout the bridge and interior, changing the gold to brushed chrome, and coffee tables have been added to the Sky lounge and main salon; electrical upgrades include a one hundred inch Sony TV in the Sky lounge and seventy-five inch Sony TVs in the main salon, and professional appliances installed comprise Miele tumble dryers, dishwashers and ice machines, a Siemens fridge and Miele handheld stick vacuums. Galley and

service appliances have been upgraded with a Jura coffee machine, Sage kettles, toasters, milk frothers, a juicer, Vita mix, citrus press, Dyson hair dryers and Dyson Air wraps, while the Master cabin bathroom benefits from Grohe faucets and taps and crockery and flatware have been refreshed with JL, Waabi, Jars, Dibbern, ASA, Fortessa Melamine, Boldware glasses, Christofle and Guy Degrenne sets. Interior décor enhancements feature Gloster Ambient Ray outdoor lanterns, Luminara candles, Villari items for guest bathrooms and Kim Seybert tableware, and carpentry improvements include newly created storage under the Master cabin bed. Engineering upgrades are comprehensive and include propulsion work with replacement of fuel injectors, overhauling of turbos and cleaning of heat exchangers, servicing of shafts, propellers and rudders and installation of new exhaust blankets, electrical enhancements with new fuel injectors for generators, new electrical ends and upgraded lighting throughout the yacht, and a full overhaul of the air conditioning and ventilation systems with new copper-nickel pipes, sea water and chilled water pumps, condenser coils, blowers and fan coil motherboards. Refrigeration systems have been serviced with new compressors, condensers, liquid receivers and sea water pumps installed, the freshwater system has been upgraded with new boilers, hydrophore pumps, hot water circulation pumps and overhauled watermakers, and the sewage treatment plant has been serviced with overhauled vacuum pumps, discharge pumps and new grease traps fitted. Fuel and oil systems have been maintained with regular servicing of the fuel purifier and tank cleaning, the compressed air system updated with a new safety valve and door hardware replaced on both exterior and interior sliding doors, while hydraulics have been overhauled with new hoses, stabilizers, capstans, anchor windlass works, renewed steering oil, replacement of balcony cylinder barrels, rescue crane cylinder barrels and jet ski crane cylinders and adjustments to the transom door. AV/IT upgrades include the installation of Starlink antennas and the implementation of Triton Maintenance for planned maintenance, ensuring the yacht's systems are

modern, reliable and prepared for continued exceptional service.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
