## OVERVIEW

---

The "CURRENT PRICE" is provided for guidance only, and all reasonable offers will be courteously considered. The 2013 Williams D505 Diesel Jet Tender represents a high end, performance focused rigid inflatable conceived to serve as a refined superyacht tender. Compact yet capable, this diesel jet runabout combines sleek lines with vigorous power and nimble handling, delivering the confidence of a hard bottom inflatable designed for elegant ship to shore transfers and spirited coastal cruising.

This D505 shows evidence of substantial use and prolonged salt water exposure: the hull underside carries marine fouling consistent with time afloat, and several mechanical components reveal salt induced corrosion. Nonetheless, at the time of collection she started, ran, and loaded without issue, a testament to the durability of its diesel inboard jet package. The trailer seen in photographs is not included in the sale; prospective buyers are invited to inspect the tender and submit offers based on its present condition.

While a trailer is excluded from this transaction, comprehensive transport arrangements are available nationwide through marine certified carriers, including purpose built cradles and port delivery for international export; bespoke quotations for logistics and shipping can be provided to meet your schedule. Additional transportation support includes coast to coast hauling by vetted yacht and boat specialists, custom cradle fabrication, and coordination with export terminals for overseas freight — estimates and planning assistance are available upon request. Please consult the Motors and Machinery Disclaimer for details regarding mechanical condition and related disclosures.

No representation is made regarding the condition of motors, engines, or machinery of any kind; photographs may depict machinery spaces, but buyers must inspect and verify condition personally before purchase. Do not assume

that accessories or loose equipment shown in imagery will remain with the vessel — this unit is offered strictly as viewed, and bids should reflect what is present at the time of inspection.

The Company furnishes information about this vessel in good faith but offers no warranty or guarantee as to its accuracy or the vessel's condition; buyers are strongly encouraged to independently confirm any particulars of interest. This tender is offered subject to prior sale, change of price, or withdrawal without notice. All marine assets, whether owned or brokered by the seller or its affiliates, are sold AS IS, WHERE IS, with NO WARRANTY OR GUARANTEE, EXPRESS OR IMPLIED, including NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, and no verbal agreements shall be binding on the sale of this marine product.
