OVERVIEW

The OCEAN KING DOGE 500 epitomizes the zenith of the prestigious DOGE collection, seamlessly blending the sophistication of Italian design with the robust capabilities of an explorer yacht. Conceived by the renowned Design aLOT studio, this 164-foot (50-meter) marvel features striking yet elegant exterior contours, a distinctive vertical bow, and expansive windows that flood the interior with natural light and stunning ocean vistas. Built with a steel hull for extensive transoceanic journeys, the DOGE 500 is designed to explore the world without compromising on opulence.

From the front to the back, the DOGE 500 exemplifies harmonious design—merging open decks with cozy lounges, communal areas with tranquil private spaces. The broad, open aft deck includes dual fold-out balconies, providing direct sea access and a perfect setting for socializing or unwinding. On the upper decks, the exclusive owner's deck boasts a private forward-facing terrace and a spacious pool, while the crow's nest offers awe-inspiring panoramic views from the yacht's highest point.

The interior design embodies a blend of elegance and practicality. Meticulously chosen materials, cohesive color schemes, and thoughtful layout decisions create an atmosphere that is both luxurious and welcoming. Every aspect has been meticulously planned to ensure comfort at sea, from adaptable accommodation options to the intelligent use of space rarely found in a 164-foot (50-meter) yacht.

Technologically advanced, the DOGE 500 is equipped with a robust engine room inspired by commercial ship standards. With increased ceiling heights and an efficient layout, it supports the yacht's impressive 6,000-nautical-mile range—perfect for adventurous owners eager to traverse oceans in style.

Crafted from premium metal with superior finishes, the DOGE 500 offers a fully customizable platform tailored to each client's vision. Whether serving as

a lavish private sanctuary or a capable global cruiser, the DOGE 500 guarantees unparalleled performance and comfort on the water.
