## OVERVIEW

---

Delivered in 2025, FELICITÀ is a beguiling, next-generation 50m Mangusta Oceano that blends contemporary Italian flair with genuine long-range bluewater capability. The fifth hull in the celebrated Oceano 50 series, she builds on a proven platform that delivers efficient displacement performance and a refined four-deck arrangement, offering owners an immediate, turnkey yachting experience with strong charter appeal and assured, reliable operation.

Exterior and interior lines by Alberto Mancini in collaboration with Overmarine Group articulate a beautifully balanced vision: bright, contemporary living spaces that are impeccably practical, where expansive floor-to-ceiling glazing floods salons and cabins with natural light. Social areas are conceived for both private use and charter operation, with intuitive guest circulation and discreet crew routes that ensure hotel-quality service without intrusion.

Outdoor life is a defining feature. A beach club that unfolds on three sides creates a serene wellness sanctuary complete with a steam room, while the foredeck presents a swimming pool framed by adaptable lounge seating. The sundeck crowns the vessel with a glass-sided jacuzzi, a generous dining area and an open-air cinema, composing a sequence of alfresco spaces designed for relaxation and entertaining.

Accommodation is arranged for 12 guests across five cabins, anchored by a full-beam owner's suite on the main deck which enjoys a private terrace at the water's edge. The lower deck houses a fully equipped gym alongside two double cabins and two twin cabins with Pullman berths, providing superb flexibility for family cruising or charter programs. Forward crew quarters accommodate a professional team of 11 to deliver seamless, discreet service. Built with a steel hull and an aluminum superstructure, this displacement superyacht cruises at 12.5 knots and offers a 4,500-nautical-mile range at

economical speed, enabling effortless passages from the Mediterranean to the Atlantic and positioning FELICITÀ as a validated, turn-key opportunity in the contemporary 50m motor yacht market.
