50m Superyacht Ada 50 Z Sold and Under Construction for 2025 Delivery

Written by Alexander Griffiths

30 January 2023 | 20:30

The esteemed Turkish shipyard, located in Bodrum, has been tasked with the creation of a stunning new 50-metre superyacht, the Ada 50 Z. This exquisite vessel has already been sold and is anticipated to be delivered to her owner in 2025. The innovative concept and sleek exterior design of the Ada 50 Z were crafted by a renowned designer, while the engineering was expertly managed by Norse Design, with naval architecture also provided by a leading firm. "The development of this remarkable yacht took us seven to eight months, and I am grateful to the incredible team behind this achievement. Special thanks to Onur Tekin (CEO) and Ran Goldstein for their unwavering support," remarked Selahattin Uldas on LinkedIn.

This sub-500 GT superyacht showcases elegant, contemporary exterior lines and a striking straight bow. The expansive aft decks provide ample space for guests to indulge in the luxurious alfresco lifestyle. A highlight of the beach club is the inviting plunge pool, surrounded by comfortable loungers. With the addition of hydraulic wings, this area can be extended to accommodate even more guests, enhancing the overall experience. The Ada 50 Z also boasts a second pool on the foredeck, elegantly framed by fixed sunpads.

Offering 497 GT of interior volume, the Ada 50 Z can comfortably host up to 12 guests across six beautifully appointed staterooms. The owner's suite is particularly spacious, featuring a private balcony, a Jacuzzi, and large panoramic windows that provide breathtaking views. Additionally, the yacht can accommodate a crew of ten in five well-designed cabins.

While the exterior design and construction are proudly Turkish, the interior

spaces reflect Italian elegance, curated by a prestigious studio based in Florence. The Ada 50 Z features a modern interior aesthetic, complete with an impressive saloon and dining area. Careful attention has been given to the harmony between interior and exterior spaces, enhancing the overall experience at sea.

In terms of performance, the Ada 50 Z will be powered by twin 1,325 horsepower engines, enabling her to reach a top speed of 15 knots. The shipyard aims to complete this magnificent yacht by June 2025, making it a prime candidate for those interested in yacht sales in the current boat location. If you are looking to buy a yacht that embodies luxury and sophistication, the Ada 50 Z is an exceptional choice.

# DETAILED DESCRIPTION

---

## Accommodation

---

This luxurious yacht offers an exceptional accommodation experience, designed to cater to both guests and crew with the utmost comfort and convenience. The vessel boasts six elegantly appointed cabins, providing ample space for up to twelve guests to relax and unwind. Each cabin is thoughtfully designed to ensure a restful retreat, combining style and functionality.

In addition to the guest accommodations, the yacht is equipped with facilities for a dedicated crew, featuring five crew cabins that can comfortably house up to nine crew members. This ensures that the crew can operate efficiently and maintain the highest standards of service throughout your voyage.

The yacht is also equipped with eight head compartments, ensuring that both guests and crew have access to well-appointed bathroom facilities. These compartments are designed with modern amenities and high-quality finishes, providing a touch of luxury and convenience.

Overall, this yacht's accommodation layout is meticulously crafted to offer a seamless blend of comfort, privacy, and practicality, making it an ideal choice for those seeking an unforgettable yachting experience.

## Main & Electrical Systems

---

The yacht is equipped with a comprehensive array of main and electrical systems, ensuring a seamless and efficient operation throughout your journey. The shore power supply and switchgear form the backbone of the yacht's electrical infrastructure, providing reliable power management. An advanced alarm monitoring system is in place to ensure safety and security at all times.

The cooling and seawater systems are meticulously designed to maintain optimal conditions on board, while the fuel system, complete with built-in pumps, ensures efficient fuel management. The bilge pump, a robust 400VAC model by Gianneschi, and a comprehensive fire system further enhance the safety features of the yacht.

For comfort and convenience, the yacht is fitted with two hot water heaters, each with a capacity of 250 liters, and a dock water softener. The fresh water needs are met by two Idromarin fresh water makers, each capable of producing 350 liters. The sewage system is designed for efficient waste management, and the air conditioning system ensures a comfortable environment in all weather conditions.

The exhaust system is engineered for optimal performance, while the CMC bow thruster and four Hs 120 CMC stabilizers provide exceptional maneuverability and stability. The steering and mooring systems are designed for ease of handling, making docking and navigation a breeze.

Lighting throughout the yacht is thoughtfully designed, with LED ceiling lights providing energy-efficient illumination. A dimmer controller in the saloon allows for customizable ambiance, complemented by reading lights, stairwell, and wall lights. For a touch of elegance, the yacht features ten underwater lights, creating a stunning visual effect in the water.

Overall, the main and electrical systems of this yacht are expertly integrated to provide a reliable, safe, and luxurious experience on the water.

## **Navigation Equipments & Entertainment**

---

The yacht is equipped with state-of-the-art navigation and entertainment systems, ensuring both safety and enjoyment during your voyage. At the heart of the navigation suite are four GS165 chartplotters, each with a 24-inch display, providing comprehensive and detailed mapping capabilities. The depth

sounder, a DST800 LP TH bronze model, offers precise depth readings, while the RS130 GPS ensures accurate positioning. A 4Kw radar system enhances situational awareness, and the Ray 260 VHF radio facilitates clear communication. The EV-400 Sail autopilot system allows for effortless navigation, complemented by two I70 color instruments that provide real-time data on speed, wind, and depth. For added safety, an EPIRB is on board, ready to send distress signals if needed.

Entertainment on the yacht is equally impressive, with a 90 cm satellite TV antenna ensuring a wide range of viewing options. In the guest cabins, 50-inch Samsung LED TVs offer high-definition entertainment, while the owner's cabin boasts an expansive 80-inch Samsung LED TV for a truly cinematic experience. The saloon is equipped with a 65-inch Samsung LED TV, providing a central hub for relaxation and entertainment. The crew mess features a 32-inch Samsung LED TV, ensuring that the crew can also enjoy downtime. Additionally, the upper saloon is fitted with a 55-inch Samsung LED TV, offering another space for guests to unwind and enjoy their favorite shows or movies. Overall, the navigation and entertainment systems on this yacht are designed to provide a seamless blend of functionality and luxury, ensuring a memorable experience on the water.

## Interior

---

The interior of this yacht is a testament to luxury and thoughtful design, offering a harmonious blend of comfort and functionality. The owner's cabin is a private sanctuary, featuring a dressing room, a vanity, and an office desk for those who wish to work in tranquility. A safe box ensures valuables are securely stored, while the owner's terrace provides a serene outdoor space complete with a Jacuzzi for ultimate relaxation. The cabin is equipped with 220 V sockets with USB ports for modern convenience, and the ambiance is enhanced by four ceiling speakers. Safety is prioritized with a 2 kg fire

extinguishing bottle, and the cabin includes a shower and an electrical head for complete comfort.

The guest cabins are equally inviting, with double beds in the VIP cabins and the option to convert two single beds in the guest cabins into a gym. Each cabin includes a vanity and a locker for personal storage, and the atmosphere is enriched by two ceiling speakers. Like the owner's cabin, these cabins are equipped with a 2 kg fire extinguishing bottle, a shower, and an electrical head, ensuring guests enjoy a safe and comfortable stay.

The saloon is a social hub, designed for both relaxation and entertainment. An oval table accommodates up to 12 people, complemented by an L-shaped sofa and a coffee table. The walls are tastefully decorated, and access from the deck is seamless. The saloon features a day head and a pantry, with electrical sliding doors providing easy access to the entrance, sides, and lobby. A sound system with six speakers creates an immersive audio experience, and safety is ensured with a 2 kg fire extinguishing bottle.

The galley is a chef's dream, equipped with stainless steel countertops, cabinets, and lockers. Culinary enthusiasts will appreciate the microwave, Rational steam oven, and Electrolux electrical cooker, refrigerator, and deep freeze. A garbage disposal and dumbwaiter add to the convenience, while a dishwasher and Isotherm icemaker ensure all dining needs are met.

Overall, the interior of this yacht is meticulously crafted to provide an unparalleled experience of luxury and practicality, making every moment on board a pleasure.

## Exterior

---

The exterior of this yacht is a masterclass in design and functionality, offering a range of features that enhance both aesthetics and practicality. On the fore deck, you'll find filling caps for water and fuel, ensuring easy access for

refueling and resupplying. The deck is equipped with two Hidromarin electrical windlasses, providing efficient anchor handling, and a powerful 100kW CMC electrical bow thruster for precise maneuvering. A chain locker with a hatch, along with two sets of chains and anchors, ensures secure anchoring capabilities. The fore peak hatch and a tender/jet-ski door with a beam crane add to the versatility of the fore deck, while a Jacuzzi with sun pads and U-shaped seating offers a luxurious space for relaxation.

The main deck is designed for both leisure and functionality, featuring a transformer and a pasarella for easy boarding. Two wing side doors provide additional access, and a pool offers a refreshing escape. The deck also includes a loose seating group, an entrance to the saloon, and stairs leading to the flybridge deck. For added convenience, a removable deck shower and swim ladder are available.

On the upper deck, the owner's cabin and terrace are highlights, featuring a Jacuzzi for private relaxation. An electrical sliding door provides seamless access to the terrace, enhancing the indoor-outdoor flow. The sundeck is a perfect spot for socializing, with a dining table for alfresco meals and a bar for refreshments.

Overall, the exterior of this yacht is thoughtfully designed to provide an exceptional experience, combining luxury with practicality to ensure every moment on board is enjoyed to the fullest.
