## OVERVIEW

---

**\*\*A SLEEK, DYNAMIC EXTERIOR DESIGN.\*\*** Measuring 50 meters and under 500 GT, Sophia is a stunning all-aluminium yacht that offers fast cruising capabilities, powered by eco-friendly ocean engines. Heesen's innovative 50-meter fast-cruising category is the first of its kind to meet the stringent IMO Tier-III standards while remaining under 500 GT. The sleek and dynamic exterior crafted by Omega Architects beautifully enhances Sophia's performance and striking design elements. Heesen's meticulously engineered, low-drag hull design features a shallower transom depth, allowing for an optimal shaft angle. This unique design ensures that Sophia remains stable in choppy waters while also excelling in shallower cruising areas. The highly efficient hull shape is a testament to superior engineering and adventure, making Sophia the perfect choice for both island hopping and extended voyages. Explore yacht sales in the current boat location and seize the opportunity to buy a yacht that embodies luxury and performance.
