DETAILED DESCRIPTION

M/y Tribu

Built by Mondomarine in Italy and launched in 2007, Tribu went on to complete a true circumnavigation over more than four years, a testament to her ocean-going pedigree. Her timeless, minimalist interior by Studio Lissoni blends understated sophistication with purposeful functionality, and she was delivered in July 2007.

Last refitted in 2025, Tribu is constructed with a robust steel hull and lightweight aluminium superstructure. Zero-speed Naiad stabilizers ensure exceptional comfort at anchor and underway, while her generous 783 GT volume delivers remarkable living spaces for a yacht of her length.

She cruises comfortably at 12 knots and reaches 15 knots at maximum, boasting a range of over 6,000 nautical miles from capacious 101,000-litre fuel tanks. Designed for effortless private cruising, she remains meticulously maintained in class with RINA and holds the coveted RINA Green Star classification.

Accommodation is thoughtfully arranged for twelve guests across six cabins, including a vast owner's suite on the upper deck, four welcoming guest cabins on the main deck—two of which are convertible—and an additional dedicated kids' cabin. A professional galley exceeding 40 sq m supports refined onboard hospitality, while a wealth of water toys, a Jacuzzi, and immense indoor-outdoor volumes elevate life at sea.

A proven explorer and blue-water vessel with no expense spared maintenance, Tribu stands out with her impressive volume for her size, transoceanic range of more than 6,000 nautical miles, and VAT paid status—an ultimate explorer superyacht ready for her next horizon.
