## OVERVIEW

---

Contemporary yet enduring in character, the 2024 Trinity Yachts T-052 asserts itself among true mega yachts with a commanding 168-foot length overall and a 28-foot beam, dimensions that yield expansive interior proportions and sumptuous exterior living areas. Built in Turkey with hull and decks fashioned entirely from aluminum, this aluminum motor yacht employs a full-displacement hull form to ensure ocean-going steadiness, efficient long-range performance and an unusually hushed, assured passage. Generous tankage—approximately 17,071 gallons of diesel and 2,700 gallons of fresh water—supports prolonged bluewater voyages, while twin inboard MTU diesel engines deliver the dependable, measured power demanded by experienced seafarers.

The interior of the T-052 provides a gracious framework for a bespoke fit-out: broad salons set within sweeping glazing, a private and sophisticated owner's suite, and guest staterooms designed as tranquil yet striking retreats. Outside, vast decks accommodate every form of alfresco life—from morning coffees in a secluded fore lounge to refined dinners under the stars—while substantial areas are allocated for wellness facilities and the potential addition of a spa pool for languid afternoons at anchor. Engineered to support professional crew operations and seamless hospitality, this new-build motor yacht melds Trinity's heritage with contemporary refinement—understated, elegant, and unmistakably luxurious. Available in Turkey, the T-052 invites those seeking a brand-new flagship to embark on grand touring across oceans with poise and effortless style.

# DETAILED DESCRIPTION

---

## Main description

---

A rare opportunity to acquire a 50-meter Trinity superyacht that is already well advanced in construction, with the majority of critical systems supplied and installed, notably two new MTU 4000 series engines. Situated in Istanbul, the project is perfectly placed for a smooth handover to shipyards prepared to assume completion, offering an efficient and well-managed route to delivery. Completion is expected to be achievable for roughly 50 percent of the cost of a comparable new build, presenting exceptional value while maintaining uncompromised standards of quality and performance. Additional details will be provided in due course.

## Mechanical disclaimer

---

The engine and generator hours shown relate to the date of the original listing and are based on information supplied to the listing broker by the owner and/or the direct readings of the hour meters. Although provided in good faith, the listing broker cannot guarantee the absolute accuracy of these figures. It is the responsibility of the purchaser and/or their agent to independently verify engine and generator hours, any warranties—express or implied—records of major overhauls, and all other representations contained in the listing brochure.

## Disclaimer

---

The particulars contained herein are presented in good faith as a guide and are supplied without any guarantee; the company does not warrant the accuracy of the information nor the condition of the vessel. Prospective

purchasers should instruct their own agents or surveyors to examine and verify any matters they wish to have confirmed. This vessel is offered subject to prior sale, alteration of price, or withdrawal without notice.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
