DETAILED DESCRIPTION

Sea Pro 172 Bay

The Sea Pro 172 Bay is a versatile vessel crafted for the Pan Handle, allowing you to select from engines by Suzuki, Yamaha, or Mercury to match your needs. This boat is built with meticulous precision and attention to detail, promising an exceptional boating experience. The hull sides and deck compartments are carefully insulated with foam and finished with vinyl ester, a feature that not only prevents osmotic blistering but also ensures a quieter journey. This thoughtful design enhances the insulation of fish or cooler boxes, making it perfect for fishing aficionados or those who relish tranquil water excursions.

Safety and longevity are central to the Sea Pro 172 Bay's design. Each model features a seamless, gel-coated stringer system, expertly bonded to the hull with Methacrylate. This strong chemical bond guarantees the boat's structural integrity, offering peace of mind on every voyage. Furthermore, the stringer systems are entirely gel-coated, a feature that prevents mold and simplifies maintenance, keeping your boat in immaculate condition with minimal effort. In conclusion, the Sea Pro 172 Bay exemplifies superior craftsmanship and innovative design, providing a customizable and dependable choice for boating enthusiasts. Whether you're exploring the calm waters of the Pan Handle or setting off on a fishing expedition, this boat is designed to deliver performance, safety, and comfort.
