OVERVIEW

The 1667WT is an aluminum fishing tender engineered for effortless handling, equally at home chasing fish, exploring shorelines or performing everyday utility tasks. This trailerable 17 foot jon boat combines a robust aluminum hull with a shallow draft, compact silhouette that performs confidently on lakes, rivers and inshore runs. Its modest dimensions make it economical to tow and simple to launch, while the steady hull provides reliable, sure footed performance in a refined, straightforward package—an attractive proposition for buyers who value capable, practical design. Take advantage of the current offering on this versatile shallow draft skiff.

The Angler 1667 WT presents well for its vintage and would benefit from a light detailing and routine prep to restore its full luster; fundamentally it is a practical sportfishing and utility craft with solid bones ready for inspection and offers. A road trailer by Karavan is included with the sale, and nationwide transportation can be arranged. For overseas delivery we can supply custom cradles and port delivery on request—please ask for a tailored logistics quote.
