OVERVIEW

Praised by Boat International for its creativity and irresistible charm, SEVEN SINS is an award-winning 52-metre Sanlorenzo Steel superyacht, delivered in 2017. With a beam of over nine metres, this motor yacht offers the space, amenities and lifestyle of a much larger megayacht while remaining delightfully manageable; a favourite on the charter circuit, she pairs impressive bluewater range with high-calibre Italian styling and practical seagoing design.

Inside, Officina Italiana Design has crafted a bright, contemporary interior where a refined palette of white, taupe and beige is warmed by brown leathers and lifted by glass, marble and mirrored details that amplify light and sense of space. Her exterior lines are sleek and modern, punctuated by signature features such as a glass-bottom pool and a drive-in tender bay that transforms into a full-beam beach club with floating terraces — an effortless platform for both lively entertaining and peaceful lounging.

Accommodation is arranged for 11 guests across five cabins, centred on a main-deck owner's suite, and supported by a professional crew of 11. A comprehensive array of water toys is ready for immediate use, ensuring constant on-the-water enjoyment from this bluewater yacht. Underway she cruises comfortably at 13.5 knots, reaches 17 knots at top speed and provides up to 4,000 nautical miles of range at economical speed — perfect for Mediterranean or Caribbean voyages. Maintained to exacting standards with two scheduled yard periods each year and fitted with brand-new generators this winter, SEVEN SINS is turnkey, versatile and welcoming, delivering the presence and poise of a larger vessel without the attendant complexity.
