OVERVIEW

170' Steel Expedition Motor Yacht by JADE Yachts (2014)

Crafted in Taiwan by JADE Yachts and styled inside by Central Yacht, this 170-foot steel motor yacht embodies the quiet confidence of a true ocean-going superyacht. An explorer-style profile, broad 30-foot beam, and purposeful steel construction deliver the assurance and volume sought by discerning yachtsmen who prize range, comfort, and capability in equal measure.

The yacht's generous proportions translate into luminous living spaces and inviting social areas, thoughtfully arranged for seamless days on the water and splendid evenings at anchor. Designed to host up to 12 guests, the accommodation is complemented by seven heads for convenience and privacy. A professional crew of six is comfortably housed in three crew cabins, ensuring attentive service and smooth operations on extended passages.

Beneath her refined exterior, twin MTU inboard diesel engines provide a harmonious blend of efficiency and poise—cruising comfortably at approximately 12 knots with the ability to reach up to 16 knots when desired. Long-range autonomy comes naturally thanks to substantial tankage—about 24,300 gallons of fuel and nearly 2,800 gallons of fresh water—supporting far-flung itineraries with confidence. A draft just over 10 feet and the stability afforded by her steel monohull encourage effortless passage-making and serene nights in a wide range of anchorages.

Central Yacht's interior vision brings warmth and understated luxury to every space, with a layout intended for relaxed living and elegant entertaining. Expansive lounges, refined dining settings, and ample natural light create an atmosphere equally suited to family cruising or sophisticated receptions. Outdoors, the yacht offers generous terraces for sun and shade, allowing guests to savor sea breezes, panoramic views, and easy transitions from quiet

morning coffees to golden-hour gatherings.

Built in 2014 and currently located in Taiwan, this steel-hulled motor yacht stands out as a versatile platform for bluewater exploration and luxurious coastal cruising alike. She is a compelling opportunity for owners seeking a capable and beautifully executed vessel from a respected builder, with the volume, range, and presence to travel the world in comfort.

Explorer Yacht. Expedition Yacht. Long-Range Motor Yacht. Steel Superyacht. Ocean-Going Motor Yacht. Luxury Motor Yacht. Monohull. World Cruiser.
