## OVERVIEW

---

Set to make her debut in 2028, the Mengi Yay NL 52 Plus is a 52.4m displacement superyacht shaped by the refined Italian design language of Nuvolari Lenard. Built on a steel hull and registering 499 GT, she is engineered for extended autonomy and effortless private cruising. Twin Caterpillar propulsion affords a transoceanic range of 4,000 nm, a comfortable 12-knot cruising speed and a top speed of up to 16.5 knots, while accommodation arrangements are fully bespoke to the owner's preferences. A signature suite of luxury amenities includes a swimming pool, an elegant beach club, a fully equipped gym, a beauty salon and a jacuzzi on deck, and the construction is carried out to RINA classification standards to ensure world-class safety and build quality.

## DETAILED DESCRIPTION

### Mengi Yay NL 52 Plus: The 2027 Nuvolari Lenard masterpiece

The Mengi Yay NL 52 Plus (Project NB114) is a 52.6 metre flagship from the “NL Plus” capsule, the result of a high-profile alliance between Turkish yard Mengi Yay, the celebrated Italian studio Nuvolari Lenard and Van Oossanen Naval Architects. Conceived to concentrate maximum luxury within a 499 GT envelope, the design delivers the spatial presence and amenities expected of a much larger yacht while remaining beneath the regulatory threshold that governs 500+ GT vessels.

A poised, contemporary silhouette expresses an ethos of restrained opulence and emphasizes a fluid dialogue with the waterline. The vast aft beach club deploys via hydraulic fold-down platforms to extend living space directly over the sea and incorporates a bespoke pool at the stern for seamless water level enjoyment. Forward of the social areas a daylight lounge becomes a secluded sunbathing retreat and, by evening, converts into an open-air cinema thanks to a pop-up screen. The generous sundeck—one of the most spacious in its class—has been laid out for all-day leisure, appointed with a heated spa pool (Jacuzzi), a sculptural fire pit, a fully equipped bar and versatile zones that adapt effortlessly between dining and lounging. In an unusual arrangement for this size range, a full-beam tender garage forward accommodates a 7-metre main tender alongside a crew tender and a comprehensive inventory of water toys, keeping the aft decks pristine and devoted entirely to guest use.

Inside, Nuvolari Lenard’s interiors evoke an elevated Mediterranean lifestyle, pairing responsibly sourced, high-end materials with sweeping glazing that floods each deck with natural light. The main-deck full-beam owner’s apartment features a private study, a generous dressing room and a distinctive

slide out balcony that can be operated independently to ensure absolute privacy. The lower deck houses four guest cabins—two VIPs and two convertible doubles/twins—providing accommodation for a total of 10 guests in calm, considered surroundings. Beneath the primary beach club lies a dedicated wellness suite, complete with a sauna, a gym/fitness area and a tranquil relaxation lounge. Crew quarters for nine across five cabins enable an exceptional service to guest ratio.

Beneath the styling, Van Oossanen's efficient displacement hull form delivers reassuring seakeeping and genuine long range capability. The construction pairs a robust steel hull with an aluminium superstructure and is driven by twin MAN V12 engines, producing a top speed of 16 knots and a comfortable cruise at 12 knots. With a transoceanic range of some 4,000 nautical miles, the yacht is equipped for true blue water passages. Classification and compliance include RINA C Hull • MACH YCh - Unrestricted - AUT UMS - Comfort (Large Yacht) - Green Plus+, together with Red Ensign Group (REG) Yacht Coa Part A certification.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
