OVERVIEW

Diana represents the latest incarnation of our 55 metre steel series, a subtle but confident refinement of a hull conceived for true blue water, go anywhere voyaging. Her profile is sleeker and more decisive, with raked wheelhouse glazing that sharpens sightlines and heightens her presence. The superstructure flows in graceful contours from bow to stern, punctuated by Whisper Grey Awlgrip accents that enrich the mast and upperworks.

Key refinements include a reimagined mast that owners may personalise with bespoke accent colours, and an infinity pool effortlessly integrated into the aft main deck. Slimmed mullions in the main salon and skylounge increase the glass to metal ratio, blurring the divide between interior and sea. A larger bridge deck VIP suite expands the accommodation layout, providing a versatile sanctuary suited to private cruising or luxury charter with multigenerational guests.

Combining a muscular visual language with purposeful enhancements, Diana answers the advancing demands of 55 metre motor yacht owners, melding full displacement steel capability with long range explorer yacht composure and superyacht refinement.

DETAILED DESCRIPTION

First impressions

Diana is the technical pinnacle of Heesen's highly successful 55-metre Steel platform, the distilled outcome of Dutch engineering excellence. Built on a proven foundation refined by data from sisterships and direct market feedback, she offers certainty to owners who demand it, fusing reliable heritage with deliberate design updates that lift the class to a new benchmark. Her exceptional efficiency and low fuel consumption are forged below the waterline, where meaningful sustainability begins with superior hydrodynamics. Diana features the patented Fast Displacement Hull Form (FDHF), conceived by Van Oossanen and perfected by our engineers, an advanced low-resistance hull that unlocks class-leading capability across all sea conditions. In concert with MTU 4000 M63 (IMO Tier III) engines, she reaches a top speed of 15.5 knots and pairs frugal fuel burn with steadfast stability, delivering a smooth, quiet platform for effortless long-range cruising.

Step aboard

Diana welcomes twelve guests in six staterooms, anchored by an 86-square-metre owner's suite, four guest cabins on the lower deck and an enhanced VIP suite on the bridge deck. The arrangement champions active, multifunctional living, reimagining the traditional beach club as a wellness-led gym so the day remains in motion from dawn to dusk. Conceived by Luca Dini Design and Architecture, the interior embraces naturalism and tactility: a quietly luxurious palette of warm whites and blonde-rust tones where light plays across texture rather than competing with bold colour. Material choices are guided by sustainability, with Alpi reconstituted timber and honed marbles delivering a refined finish with a reduced environmental footprint. Fluted and

sandblasted glass introduce soft, diffused privacy throughout, while natural stone accents, including Rainforest and Camouflage marbles, lend depth and character to bathrooms and cabins. Precision defines every junction, and the layout is purpose-shaped around the rhythms of modern ownership.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.

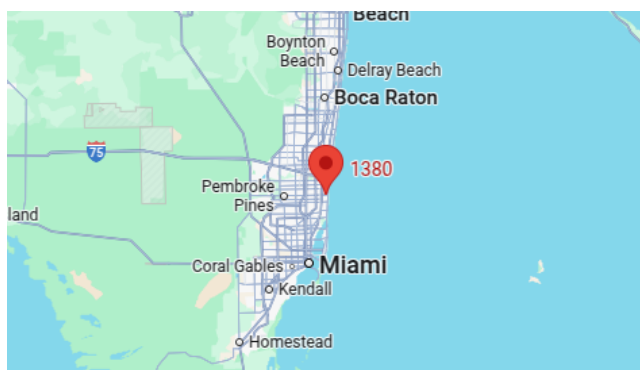

For more information and to view available yachts, you can visit the company's official website: <https://shestakovyachtsales.com>
