OVERVIEW

"CURRENT PRICE" IS A BENCHMARK. ALL REASONABLE OFFERS WELCOMED.

Built in 2011, the Carolina Skiff 198 DLV is engineered to perform where shallow water demands both delicacy and durability. Its refined modified V hull and reworked bow entry deliver a noticeably drier, smoother ride than traditional flat bottom skiffs while preserving the ultra shallow draft that makes inshore exploration possible. Measuring just under 20 feet overall with a generous 96 inch beam, this trailerable center console craft provides an exceptionally stable platform for bay and flats fishing, close in inshore work, or leisurely sandbar outings with family and gear. Both bow and stern offer expansive casting areas, complemented by foldaway aft jump seats, a console livewell, and heavy duty stainless steel hardware that maximize usable deck space and utility. Renowned for rugged construction, straightforward maintenance, and an impressive payload capacity, the 198 DLV remains a top choice for anglers and recreational boaters who value functionality, steady performance, and long term ownership value — if you've been searching the market for a 19 foot skiff, this opportunity deserves your attention.

This vessel presents attractively and shows evidence of careful ownership, appearing ready for immediate use. The trailer tracked well during transport and the outboard started reliably at pickup. Prospective buyers are encouraged to board, conduct a personal inspection, and submit offers accordingly.

A trailer accompanies the sale: a Road King single axle bunk setup engineered for straightforward launching, recovery and efficient towing, reinforcing the 198 DLV's appeal as a truly trailerable powerboat.

Please consult the Motors and Machinery Disclaimer for specific information regarding engines and onboard mechanical systems.

Nationwide transportation can be organized, with custom cradles available

and coordinated shipping to port for international export. Our Mendon, MA team provides logistics support and quotations, and additional trailer solutions may be arranged through our St. George, SC location.

No representation is made as to the condition or operation of any engines, motors, or mechanical systems; photographs that depict machinery spaces are for reference only and do not substitute for a physical inspection. It is the buyer's sole responsibility to verify the condition of propulsion and onboard systems and not to assume that any loose equipment or accessories shown are included with the vessel. This boat is offered strictly as viewed and as equipped at the time of inspection; please prepare your offers or bids with that understanding. While vessel particulars are presented in good faith, the Company does not guarantee their accuracy and makes no warranty regarding the condition of the craft. All information should be independently confirmed by the purchaser. The vessel is offered subject to prior sale, price change, or removal from the market without notice. All marine products, whether owned or brokered by Certified Sales, Inc. or its affiliates, are sold AS IS, WHERE IS, with NO WARRANTY OR GUARANTEE, EXPRESS OR IMPLIED, including, but not limited to, any implied warranties of merchantability or fitness for a particular purpose. No verbal agreements shall alter these terms.
