# DETAILED DESCRIPTION

---

## Description

---

Professionally maintained in Seattle by a dedicated yacht management team, this 2020 Novurania 600 LX presents as a true turn key opportunity—equally at home creating carefree fun on the lake or integrating seamlessly into a larger yacht program. Formerly the tender to a bigger yacht, it is now surplus to requirements and offered in superb condition, with a Yamaha 200 HP outboard showing just under 50 hours, supported by complete service records and supplemental documentation. Currently stored inside a heated warehouse and available for viewing, this Novurania combines low hour mechanical confidence with the refined fit and finish that define the brand.

## Key features

---

Low hours define the mechanical pedigree here—just under 50 hours on the Yamaha 200 HP—complemented by ownership by local yachtsmen and meticulous professional care. Generous, well utilized space supports easy day cruising and efficient tender operations, while the overall condition feels practically brand new. A tailored fitted cover is included for winter storage or moorage, underscoring a thoughtful, ready to enjoy package.

## Helm

---

The helm is conceived for confident, comfortable command, centered on a supportive helm chair and framed by grab handles thoughtfully placed throughout. Practical touches—two cup holders at the ready and a carbon fiber dash inlay—elevate both utility and aesthetic, while a well organized layout keeps controls intuitive and sightlines clean. Lower helm storage adds

smart stowage exactly where you need it, keeping the cockpit tidy and the experience uncluttered.

## Construction

---

Built for longevity and polish, the 600 LX features inflatable collars fabricated from Novurania Hypalon Neoprene fabric (1670 Dtex) for outstanding durability and UV resistance. Carbon fiber look console panels convey a modern, technical aesthetic, while the custom colored gelcoat hull and deck deliver a distinctive, premium finish that stands out alongside the mothership or on any dock.

## Deck & hull

---

The custom colored gelcoat hull and deck present a crisp, coordinated look, complemented by low maintenance Flexiteek flooring underfoot for secure traction and elegant warmth. Beneath the surface, a foam encapsulated stringer system and foam core with a solid fiberglass keel provide a robust, confidence inspiring backbone, while the fiberglass vacuum bagged cored hull and deck enhance stiffness, reduce weight, and preserve a refined ride quality.

## Water system

---

Onboard water service is driven by a dependable Jabsco water pump, ensuring simple, reliable operation whenever needed.

## Electrical equipment

---

Navigation and entertainment are comprehensively covered with a Garmin 741XS plotter for clear situational awareness and an Icom 330 VHF for crisp

communications. A Fusion stereo paired with a 500 watt amplifier fills the cockpit with rich sound, while Lenco trim tabs refine running attitude and efficiency. Shore power flexibility comes via 30 amp and 15 amp plug ins, matching a variety of dockside connections.

## Safety & navigation

---

Thoughtful safety and visibility elements include an engine emergency pull cord for immediate shutdown, a projecting horn for signaling, and combined navigation and anchor lights to define your presence day and night. Interior lighting enhances usability after dusk, while a ready fire extinguisher adds essential peace of mind underway and at rest.

## Upgrades

---

Purposeful custom additions elevate capability and care: a custom kicker engine mount expands versatility, and a custom lifting harness streamlines tender handling. Custom teak and stainless steel deck mount chocks secure the boat aboard a yacht with confidence, while a custom white boat cover protects the finish whether in storage or on deck.

## Exclusions

---

All personal property is excluded unless specifically identified and included in the sale agreement and listing specifications. Personal property refers to any item not permanently affixed to the vessel, including but not limited to artwork, furnishings, and recreational or entertainment equipment. Marketing materials and photography may show the vessel with personal property; however, such items are excluded unless expressly stated as included in the documentation herein.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
