OVERVIEW

Available near the picturesque Norris Lake in Tennessee, this refined 2008 Bryant 210 Bowrider, offered by its original owner, marries contemporary style with reliable power. Propelled by a 4.3L MerCruiser Turn Key Start I/O V6 engine with a NEW ENGINE block covered by a transferable warranty and paired to an Alpha One outdrive, she delivers confident performance and peace of mind. Thoughtful features include an integrated swim platform with a convenient walk through transom, a generous rear sunpad with adjustable head and backrest, and a premium AM/FM/CD/USB/Satellite Ready stereo for effortless entertainment. Driver and passenger enjoy flip up bolster seats, while snap in carpeting elevates the interior finish. Practical conveniences such as an integrated Igloo cooler, stainless steel cupholders, a bimini top, and a mooring cover complete the package. A single axle trailer with brakes, swing tongue, spare tire and carrier, and lighted guide posts is included. This yacht for sale presents a rare blend of performance and sophistication in its current boat location.

DETAILED DESCRIPTION

Section name

This exceptional vessel is powered by a 4.3L MerCruiser Turn Key Start V6 inboard/outboard engine mated to an Alpha One outdrive, with the engine block practically new after only eight hours of use and a transferable warranty in place through April 21, 2027, while the boat itself shows just 224 hours on the clock. Designed to combine comfort and style, the yacht is appointed with a Bimini top and a mooring cover, snap-in carpeting and docking lights for effortless cruising and overnight protection. Entertainment and convenience are well considered: a Kenwood AM/FM/CD/USB/Satellite-Ready stereo system supplies sound through four speakers with remotes at both the driver's seat and the swim platform, a 12-volt power outlet keeps devices charged, and the tilt steering wheel along with driver and passenger flip-up bolster seats deliver a customizable, comfortable driving position. The dashboard presents a full complement of instruments including battery volts, engine water temperature, tachometer, speedometer, engine oil pressure, drive trim and fuel gauges, while a digital depth finder and a Ritchie compass enhance situational awareness and navigation. Practicality is apparent in the walk-through transom with a removable seat cushion and an adjustable sun lounge head and back rest, abundant storage in an anchor locker and an in-floor locker, plus a ski tow eye for watersports. The integrated swim platform features a three-step swim boarding ladder and a self-draining cooler for carefree days afloat, supported by seven stainless steel cupholders and integrated Igloo cooler storage, and propulsion is handled smoothly by a four-blade stainless steel propeller. Measuring twenty-one feet in length with an eight-foot beam, a dry weight of 3,075 pounds and a capacity rated for up to nine persons, the yacht carries a 31-gallon fuel tank for extended runs and is offered with a single axle trailer

equipped with disc brakes, a spare tire, a swing tongue and lighted guide posts for straightforward transport. The outdrive has been recently serviced with a new gimbal bearing and an engine block installed to ensure peak performance, and this one-owner yacht has been used exclusively in fresh water, a history that preserves its pristine condition.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.
