OVERVIEW

Driven by a Yamaha F200 XCA with digital controls and just 69 hours on the clock, this streamlined Scout center console blends confident performance with refined elegance. A Garmin GPS guides your course while a Fusion stereo enhances the onboard atmosphere. The classic Scout White hull is elevated by the Elite Package, which includes a powder coated hardtop T Top, supportive forward seating backrests and a comfortable stern seat. Precise handling comes from an upgraded SeaStar hydraulic steering system and electric trim tabs, and the powder coated hybrid leaning post with integrated Igloo cooler makes the helm both functional and inviting. A coffin box with pump out, freshwater washdown and a discreet Porta Potti add practical convenience. Perfect as a Center Console sportfisher, premium Dayboat, offshore Powerboat or elegant Tender, it embodies the poise and capability of a modern Sport Yacht.

DETAILED DESCRIPTION

2023 Scout 215 XSF

Built on Scout's fuel-saving NuV3 hull, the 215 XSF marries offshore confidence with family day-boat comfort in a center-console package that feels both capable and refined. The deck plan is thoughtfully appointed for everything from serious fishing to relaxed cruising, while 100% hand-laid fiberglass construction provides a solid, quiet ride. A wide, confidence-inspiring beam of 8' 6" complements an overall length of 21' 6", and forward seating in the bow pairs with a forward sun lounge/coffin box complete with a cushion to create a versatile, luxurious gathering space. Every inch is finished with purposeful detail: stainless-steel split bow rails frame a center console with a secure grab rail, six-inch spring cleats and eight-inch pull-up stern cleats make docking effortless, and anglers will value four stainless-steel flush-mount rod holders at the stern plus four under-gunnel rod-storage positions, an aerated baitwell with high-speed pickup, and a raw-water washdown in the livewell to keep the cockpit spotless. Comfort comes standard with aft port and starboard bolsters, bow bolsters with a full bow cushion set, and a console cushion set, while a transom door and port and starboard swim platforms with a ladder simplify water access. At the helm, a stainless steering wheel with knob, digital gauges, a compass, three USB outlets and a 12V plug, and a Fusion Bluetooth stereo with four six-inch speakers keep you informed and entertained, and BayStar hydraulic steering with 150 hp delivers precise control. The boat's self-bailing cockpit, reverse shoebox construction, premium gel-coat, silver accent and pinstripe on the hull, and 100% LED lighting all speak to Scout's exacting build standards. Practical touches abound, from an on/off dual-battery select switch and an easy-access aft systems room with a polished bilge and lid, to a powder-coated aluminum leaning post with backrest and a 72-qt Igloo cooler,

and even protective shrink wrap is included for delivery. This is the NuV3 hull advantage rendered in a center console that is as capable as it is beautifully finished.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
