OVERVIEW

The newly envisioned SPX 210 Outboard is designed to draw attention and enhance your aquatic adventures, making it perfect for hosting friends, enjoying relaxed cruises, or diving into thrilling watersports. This exceptional vessel stands out with its powerful outboard engine and a host of standard features. Recent updates include sophisticated Sea Ray styling, plush comfort elements, and state-of-the-art technologies, along with optional enhancements that offer the ultimate in style, performance, and excitement.

Onboard the SPX 210 Outboard, you'll find ample space and amenities to keep your guests entertained all day long. The self-draining cockpit features luxurious seating with an L-shaped bench, a flexible port companion seat that transforms into a lounger, a premium Fusion® SRX400 stereo system, and generous cooler storage. The roomy bow invites relaxation, while the transom sunpad, complete with a supportive backrest, provides a perfect spot to relax by the water. For added convenience, a port-side compartment can be used for storage or upgraded to a head for extended trips.

The SPX 210 Outboard embodies the best of Sea Ray's design in a sporty and energetic package. The standard ski tow pylon makes it easy to attach tow lines, and the spacious ski locker in the cockpit floor keeps boards, skis, life jackets, and other gear secure and out of sight when not in use. On the integrated swim platform, adventurers can prepare for their next run or enjoy a refreshing swim. For those seeking additional versatility, a watersports tower is also available.

MASTER THE SEAS WITH ADVANCED TECHNOLOGY

Whether you're an experienced sailor or new to boating, steering the SPX 210 Outboard is both enjoyable and straightforward, thanks to Sea Ray's latest technology. The helm is equipped with a Digital Dash featuring a standard 7" Simrad® touchscreen display and SmartCraft® Connect for seamless engine

monitoring. Control systems with a simple touch, eliminating the complexity of navigating intricate screens.

OUTBOARD PERFORMANCE

Powered by superior propulsion from Mercury Marine®, the SPX 210 Outboard is equipped with a Mercury® 200 FourStroke engine and Digital Throttle & Shift (DTS) controls. This outboard engine delivers impressive power and displacement, ideal for watersports and efficient cruising.

PERSONALIZE YOUR JOURNEY

Customize your SPX 210 Outboard to perfectly match your lifestyle. Choose from bundles that include some of Sea Ray's most popular upgrades and accessories. Options include the Comfort Bundle, which adds a bow filler cushion, the Entertainment Bundle, featuring a Fusion® Premier audio system upgrade and blue LED lighting package, and the Essentials Bundle, which includes cockpit and bow tonneau covers, SeaDek® flooring on the swim platform, and fender clips.

Discover yacht sales in your current location and seize the chance to own a yacht that epitomizes luxury and performance.

DETAILED DESCRIPTION

Section name

The newly redesigned SPX 210 Outboard is crafted to capture attention, offering an elevated level of enjoyment, whether you're entertaining guests, embarking on a leisurely cruise, or diving into thrilling watersports. This vessel stands out with its robust outboard engine and a wide array of standard features. Recent enhancements include refined Sea Ray styling, luxurious comfort elements, and cutting-edge technologies, along with optional upgrades that promise the pinnacle of style, performance, and excitement.

Onboard the SPX 210 Outboard, you'll find ample space and amenities to keep your guests entertained throughout the day. The self-draining cockpit features plush seating with an L-shaped bench, a versatile port companion seat that converts into a lounge, a high-quality Fusion® SRX400 stereo system, and generous cooler storage. The spacious bow invites relaxation, while the transom sunpad, complete with a supportive backrest, offers a delightful area to unwind by the water. For added practicality, a port-side compartment can serve as storage or be upgraded to a head for longer excursions.

The SPX 210 Outboard encapsulates the finest features of Sea Ray's design in a sporty and dynamic package. The standard ski tow pylon allows for easy attachment of tow lines, and the generously sized ski locker in the cockpit floor keeps boards, skis, life jackets, and other equipment secure and out of sight when not in use. On the integrated swim platform, adventurers can gear up for their next run or take a refreshing dip. For those seeking more versatility, a watersports tower is also an available option.

Whether you're a seasoned sailor or new to boating, piloting the SPX 210 Outboard is both enjoyable and effortless, thanks to the latest technology from Sea Ray. The helm features a Digital Dash with a standard 7" Simrad®

touchscreen display and SmartCraft® Connect for seamless engine monitoring. Control systems with just a touch, eliminating the hassle of navigating complex screens.

Equipped with superior propulsion from Mercury Marine®, the SPX 210 Outboard features a Mercury® 200 FourStroke engine and Digital Throttle & Shift (DTS) controls. This outboard engine provides impressive power and displacement, perfect for watersports and efficient cruising.

Tailor your SPX 210 Outboard to fit your lifestyle perfectly. Select from bundles that include some of Sea Ray's most sought-after upgrades and accessories. Options range from the Comfort Bundle, which adds a bow filler cushion, to the Entertainment Bundle, featuring a Fusion® Premier audio system upgrade and a blue LED lighting package, and the Essentials Bundle, which includes cockpit and bow tonneau covers, SeaDek® flooring on the swim platform, and fender clips.

Propulsion

The SPX 210 Outboard is driven by a powerful Mercury engine, notably the 200 4-STROKE model from the 2024 series. This engine offers a remarkable 200 horsepower, ensuring the vessel is ready for both exhilarating watersports and leisurely cruising. As an outboard-4S engine, it merges the renowned efficiency and dependability of Mercury, operating on gasoline to deliver a smooth and potent boating experience. Whether you're gliding through tranquil waters or chasing the excitement of speed, this propulsion system is crafted to fulfill all your nautical desires with exceptional performance.

Specifications

The SPX 210 Outboard features remarkable dimensions that elevate its performance and comfort. With a total length of 21.67 feet, this vessel

provides generous space for both relaxation and entertainment. Its beam spans 8.5 feet, offering stability and spaciousness, while a maximum bridge clearance of 4.83 feet allows for flexible navigation through diverse waterways. With a dry weight of 3,470 pounds, the SPX 210 Outboard is crafted for superior balance and maneuverability.

The design incorporates a 19-degree deadrise at the transom, ensuring a smooth and efficient ride even in rough waters. Fuel efficiency is maintained by a single fuel tank with a 37-gallon capacity, enabling longer voyages without the need for frequent refueling. These specifications combine to create a vessel that is not only elegant and comfortable but also highly functional and adventure-ready.

Other details

The company shares the details of this yacht with the intention of providing precise and thorough information. However, it is crucial to understand that the accuracy of these details and the vessel's condition cannot be assured or guaranteed. Potential buyers are advised to have their agents or surveyors meticulously examine any specifics they wish to confirm. This yacht is available with the understanding that it may be sold, have its price adjusted, or be withdrawn from the market without prior notice.

Alongside the yacht, the offer includes a 2024 KARAVAN SRT-5000-TDB78L, adding extra value and convenience for transportation and storage purposes. This addition ensures that buyers receive a comprehensive package, ready for immediate use and enjoyment.

CONTACTS
