OVERVIEW

"The 'Current price' is an indicator only; all reasonable offers will be welcomed and considered."

The 2008 Hurricane SunDeck 2200 OB presents itself as an elegant hybrid of leisure and performance, a 22 foot deck boat that fuses the sociable, open expanse of a pontoon with the confident, wave cutting manners of a fiberglass V hull. With an 8' 6" beam and high, protective gunnels, the layout provides a secure, stable platform for up to ten guests, turning afternoons ashore into a private sandbar and morning runs into a crisp, responsive outing. Powered by an outboard drive that favors dependable thrust and straightforward maintenance, this bowrider/runabout optimizes every inch of cockpit and bow for lounging, entertaining, and spirited cruising—an outboard powered family sport boat equally comfortable on inland lakes or in coastal waters, designed for comfort, agility, and effortless enjoyment.

Stored indoors on a rack for more than two years, the vessel will require new batteries, routine service, and seasonal recommissioning before it returns to the water. Prospective buyers are encouraged to inspect the craft, envision its immediate potential, and submit offers based on that on site appraisal.

A trailer is not included with this sale.

Nationwide transport can be arranged, with the option of custom cradles and port delivery for overseas shipment as required. Full logistics support is available to simplify movement from current dock to your destination.

Engine(s) Condition
