Rewritten Description

The 239FS stands out in its category, featuring the most spacious cockpit in its class and a wealth of amenities tailored for both family relaxation and avid fishing enthusiasts. This adaptable craft is ideal for leisurely days on the water with loved ones, offering a full-width bench seat at the stern and optional forward-facing seating in the bow. For those in search of excitement, the 239FS transforms into a proficient long-distance offshore fishing vessel, providing safety and stability on the open sea.

Fishing enthusiasts will value the meticulously designed features, such as a live well, rod storage racks, trolling rod holders, and an insulated, macerated fish box beneath the floor at the front. The 239FS is prepared to accommodate any water sport your family enjoys, making it a true all-purpose vessel.

The yacht features a molded front console seat with storage beneath, and a folding bolster leaning post that converts into twin seats with a backrest. The console is thoughtfully crafted with a footrest and multiple storage compartments, complemented by a stainless steel steering wheel. Safety and durability are emphasized with closed-cell positive foam flotation and a no wood-no rot construction, supported by a ten-year hull warranty.

Additional amenities include an anchor locker with a hatch lid, console cushions for the front seat, and a storage area or fish box under the floor. The molded gunwale rod storage and recessed low-profile bow rail enhance the vessel's sleek appearance. Convenience is paramount, with a cup holder on the console, a 20-gallon live well, and a forward in-floor fish box that is macerated

with an overboard drain.

The 239FS is outfitted with a high-pressure raw water washdown system, trim tabs with indicators and auto-retract, and a live well with a high-speed pump pickup. A changing room under the console can accommodate a potty, while cockpit bolsters and Sea Star hydraulic steering improve comfort and control. The spacious bow casting deck, pull-up cleats, and four stainless steel trolling rod holders with integrated drains cater to serious anglers.

Courtesy lights, black accents, and a molded non-skid inner liner contribute to the yacht's aesthetic charm, while stainless steel hardware ensures durability. The dashboard includes a 12-volt power outlet and an electric horn, and the large storage compartment in the bow offers ample space for equipment. Navigation is facilitated by a compass and an engine builder-matched analog gauge package, while a tinted windshield with a stainless steel grab rail provides protection from the elements.

Comfort is further enhanced with a bench seat cushion and backrest, bow cushions, and a self-bailing cockpit. The high-speed pick-up live well, foam-injected fiberglass stringer system, built-in fuel tank, and bilge pump with automatic switch ensure the vessel is ready for any adventure. A molded swim platform with a stainless steel ladder, two large storage boxes in the bow, and a dual battery switch complete the impressive suite of features on the 239FS.
