OVERVIEW

Presenting the magnificent 230 Bay Reef, a vessel that perfectly blends opulence and high performance. This impeccably maintained yacht, only two years old, has been stored on a lift in Florida and has enjoyed seasonal journeys in Minnesota's clear freshwater. Outfitted with a robust 36V Minnkota system, marine mat flooring, dual power poles, and a jackplate, this boat is crafted for both luxury and exploration. The 250 SHO engine, celebrated for its power and speed, is ceramic coated to maintain its dazzling shine, with annual upkeep ensuring its brilliance.

Onboard, you'll find the remarkable Fusion audio system, featuring speakers positioned overhead, forward, and aft, all powered by a strong Fusion amplifier. The cutting-edge Fusion head unit and a 12" Garmin display, equipped with a side scan transducer, keep you connected and informed as you navigate. With two bait wells, jump seats, and onboard chargers for both 12V and 36V, this yacht is ready for all your fishing and leisure pursuits. The Minnkota "off-road" charger facilitates easy charging while on the move, and the underwater and overhead lights add sophistication to your evening voyages.

The under-console porta-potty remains untouched, ensuring immaculate conditions for your travels. This boat has been meticulously cared for and is in outstanding condition, promising a swift and smooth journey. The 230 Bay Reef is available for purchase, with options for either the 300 Yamaha or the 250 Yamaha SHO, the latter offering superior performance and the flexibility to adjust the ride with a jackplate for shallow waters.

Situated in its current location, this yacht is poised for its next owner. Offers and trades are warmly invited, presenting an excellent opportunity for those seeking a yacht that marries luxury, performance, and adaptability. Discover yacht sales in the current location and seize the opportunity to own this

extraordinary vessel.

DETAILED DESCRIPTION

Section name

This exceptional 230 Bay Reef vessel, a 2-year-old trailer, has been expertly maintained and stored on a lift in Florida, with seasonal use in Minnesota's freshwater. It features a formidable 36V Minnkota system, marine mat flooring, dual power poles, and a jackplate. At its core is the powerful 250 Yamaha SHO engine, a high-performance 250 that benefits from a jackplate, enabling easy navigation in shallow waters, ride adjustments, and full engine trim when docked for long periods.

The entire boat is ceramic coated, with annual touch-ups and reapplications to maintain its brilliant shine. The onboard audio system is truly impressive, boasting a Fusion setup with speakers positioned overhead, forward, and aft, powered by a substantial Fusion amplifier and head unit. The sound quality is outstanding, and the 12" Garmin with integrated stereo and a large side scan transducer elevates your navigation and entertainment experience.

This vessel is outfitted with two bait wells and jump seats, offering ample space and functionality for fishing enthusiasts. It also includes onboard chargers for both 12V and 36V systems, along with a Minnkota "off-road" charger for the 36V system while underway. The boat is enhanced with underwater and overhead lighting, adding charm to evening excursions. Additionally, it features a never-used porta-potty conveniently located under the console.

The boat is in superb condition, having been meticulously maintained, and offers a fast and smooth ride. Originally available with either a 300 Yamaha or the 250 Yamaha SHO, the choice of the SHO highlights its versatility and performance. Offers and trades are warmly invited for this remarkable vessel.

Section name

The Manufacturer Provided Description unveils the impressive successor to the highly acclaimed 210BR. This model not only retains the exceptional rod storage of the 210 but also extends its length and width, offering a significantly more spacious cockpit. With increased depth both internally and externally, this vessel excels as an inshore boat with commendable open water capabilities. The distinctive integrated transom jack set back accommodates both standard 25" engines and a 20" high-performance outboard, paired with a hydraulic jack for superior shallow water maneuverability and enhanced high-speed control.

This model's standard features include two lockable rod boxes, each capable of holding five rods, and closed cell positive foam flotation for added safety. The rear deck is fitted with flush folding flip-up seats, and live release wells are positioned on both the front and rear decks. A conveniently placed cup holder on the console and integrated molded gunwale rod storage enhance the design. The boat is equipped with Sea Star hydraulic steering and cockpit bolsters for increased comfort.

A changing room beneath the console can house a potty, and the vessel is equipped with 9' x 12" trim tabs for stability. The expansive bow casting deck and recessed horizontal gunwale rod racks offer ample space for fishing endeavors. Pull-up cleats and four stainless steel trolling rod holders with integrated drains boost functionality, while black accents and courtesy lights elevate the visual appeal. A folding stern light and a 12-volt power outlet on the dashboard are also included.

The boat boasts stainless steel hardware, a molded non-skid inner liner, and a large storage compartment in the bow. An electric horn and compass come standard, along with a troll motor harness and plug. Additional storage is available under the console, and a tinted windshield with a stainless steel grab

rail offers protection from the elements. The bow and rear casting decks are complemented by molded anchor storage with an anchor.

The engine builder matched analog gauge package ensures accurate monitoring, while a bilge pump with an automatic switch and a raw water wash down kit add convenience. The built-in fuel tank and foam-injected fiberglass stringer system enhance the vessel's durability. A high-speed pick-up livewell and a self-bailing cockpit improve the boat's functionality, and a ten-year hull warranty offers peace of mind. The construction is free of wood, preventing rot and ensuring long-lasting reliability.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
