OVERVIEW

Experience the pinnacle of opulence and relaxation with the breathtaking 2022 South Bay 224 RS Tri-toon, now on the market in the United States. This magnificent craft, measuring 23 feet in length with an 8-foot beam, is crafted to enhance your nautical adventures to extraordinary levels. With a mere 100 hours on its robust Mercury 150 outboard motor, this yacht is in pristine condition, poised to take you on memorable journeys across glistening waters.

The South Bay 224 RS Tri-toon transcends being just a vessel; it represents a lifestyle for those who savor life's luxuries. Its streamlined aluminum hull and deck offer not only resilience but also a seamless and steady voyage, ideal for both relaxed cruises and lively excursions. The generous design invites relaxation and socializing, featuring sumptuous seating that welcomes family and friends, allowing for the creation of treasured moments on the water.

Upon boarding, you'll be enchanted by the meticulously crafted interior, where comfort seamlessly blends with sophistication. The yacht provides abundant storage for all your essentials, ensuring your time on the water is as carefree as it is delightful. Whether hosting a sunset soiree or basking in the sun, the South Bay 224 RS Tri-toon provides the perfect backdrop for any event.

As you peruse yacht sales in the current boat location, this extraordinary vessel emerges as a premier choice for those seeking a yacht that marries elegance, performance, and dependability. Seize the opportunity to own this outstanding 2022 South Bay 224 RS Tri-toon, where every element is designed to elevate your boating lifestyle. Embrace the liberty of the open sea and claim this lavish yacht as your own today!

DETAILED DESCRIPTION

Section name

The South Bay 200 Series redefines what it means to be an entry-level pontoon, offering a wealth of features that elevate it above the norm. This series distinguishes itself by establishing its own criteria, making it a unique benchmark when compared to other pontoons. The South Bay 200 Series is crafted with the same high-quality applications and materials as their premium models, guaranteeing both durability and superior performance.

A key highlight of this series is the generous 10-foot bimini tops, which provide extensive shade and comfort. The pontoon's construction includes 16-inch on-center cross members, which significantly bolster its structural strength. Furthermore, the South Bay 200 Series is outfitted with a Bluetooth-compatible stereo system, ensuring effortless enjoyment of music while on the water. Unlike other brands where such features might be considered optional, they are standard in the 200 Series, offering a complete package without the need for additional enhancements.

Features

The yacht features an impressive selection of elements crafted to boost both utility and elegance. The Lagoon Sport Accent infuses a sense of sophistication, while the in-floor storage offers plenty of room for all your necessities. A dual Bimini top delivers ample shade, ideal for sunny days on the water. Navigating is made simple with the Lowrance Hook 5 GPS, ensuring you remain on course. The atmosphere is enhanced by LED purple lighting beneath the floor, table, and seat bases, as well as under the deck, creating an enchanting setting for evening voyages.

Standard offerings include a base vinyl in Sand, with accent hues in Navy Blue, Black Onyx, Burgundy, and Champagne. Panel color choices extend to Navy Blue, Black Onyx, Burgundy, Platinum, Bronze, and Pearl White, allowing for customization. The flooring options in Beige or Grey Vinyl Weave provide both resilience and style. The fiberglass helm is paired with a raised, matte-finished mahogany dash and rocker switches, complemented by a beige soft grip wheel for easy handling.

The exterior "D" rail design and radius deck with integrated trim and vinyl rub rail contribute to the yacht's streamlined look. Bow corner pads and stern stainless steel corners, along with a bow reinforcement bumper and continuous extruded aluminum riser brackets, ensure sturdy construction. Comfort is emphasized with a steel spring-framed low back helm chair featuring armrests and a seat slider pedestal.

For those passionate about fishing, the starboard top fishing center is equipped with a livewell and rod holders, available in F and FCR models. The port stern gate is also included in these models. Entertainment is provided by a Sony radio compatible with MP3, iPod, and Bluetooth, complete with a handheld remote and four speakers with protective covers.

The yacht includes a tachometer, voltmeter, fuel gauge, trim gauge, and a 12-volt outlet. Stainless steel rimmed cupholders and a port side cupholder in RS models add convenience. The stern platform with an aluminum ladder allows easy water access, while the oval-shaped wood grain table with a matte finish offers a chic dining space.

The Surlast 10' color-coordinated Bimini top with push pin quick release and the factory-installed Surlast playpen cover provide protection from the elements. Bimini top trailering brackets and stainless steel cleats enhance the yacht's practicality. A 27-gallon direct fill fuel tank in the motor pod with a fuel/water separator ensures efficient operation.

LED navigation lights and transducer brackets on both port and starboard

tubes improve safety and functionality. The Deutsch waterproof electrical wiring harness guarantees reliable performance, while the stainless steel ski tow bar in RS models adds excitement for water sports enthusiasts.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
