OVERVIEW

Newly Refitted 1988 Intrepid 24

This beautifully renewed 24 foot Intrepid center console is a graceful, multi purpose dayboat — equally at home chasing offshore sportfish, gliding along the coast, or serving as a capable yacht tender. Rejuvenated from stem to stern, the vessel combines classic lines with modern systems for confident, comfortable outings.

The refit includes a new fuel tank, refinished deck and redesigned hatches, an updated console and fresh aluminum fabrication capped by a sturdy hardtop with LED lighting beneath it and throughout the cockpit. Electronics and systems feature Mercury VesselView, Lenco trim tabs, and a Garmin 12" chartplotter/sonar/VHF, while entertainment is handled by a Fusion head unit driving JL Audio speakers and an amplifier. Propulsion is a warrantied Mercury 300 V8 mated to a new jack plate for improved performance and handling. Trailering is effortless on the 2022 Rock and Roll tandem axle 7,000 lb trailer.

DETAILED DESCRIPTION

Upgrades

Undergoing a meticulous refit in 2023–2024, this vessel was stripped to the bare hull and rebuilt with a new fuel tank, a refreshed deck, new hatches and console, extensive aluminum fabrication and a thoughtfully engineered new hard top, all executed to elevate durability and finish. Propulsion is provided by a Mercury 300 V8 protected by a full warranty, while electronics and entertainment were modernized with a Garmin 12" chartplotter/echosounder/UKV radio and a Fusion head unit paired with JL Audio speakers and amplifier to deliver precise navigation and premium sound. A new adjustable mounting plate beneath the engine completes the performance enhancements and fine tunes the boat's on water attitude.

Overview

At the helm, Mercury VesselView keeps vital engine data clearly at a glance, giving the captain immediate confidence in performance, while Lenco trim tabs allow precise adjustment of the ride for comfort and efficiency. Thoughtful LED hardtop and cockpit lighting extend the ambiance into the evening and enhance safety after dusk. Trailing and transport are handled with assurance by a 2022 dual axle 7000 lb Rock and Roll Trailer, and the ergonomically designed helm seat brings comfort and command together, complemented by dependable power reserves from twin Odyssey Group 31 batteries.
