DETAILED DESCRIPTION

Section name

Arriving just in time for the holiday season, the 2025 Everglades 253 is the ultimate boat for the Keys, now featuring Yamaha's latest V6 350 engine, a powerhouse eagerly anticipated by this model. The hull is adorned in a captivating Major Blue, a fresh hue for 2025, while the underside of the hardtop is a pristine white, perfectly matching the white upholstery throughout the vessel. The canvas package, with its sleek silver finish, includes covers for the console, forward console seat, and helm seat.

This vessel is outfitted with an Atlas Jack Plate and a white Power Pole, with the powder coating also in white, ensuring a seamless and stylish appearance. For enhanced comfort, a Storm Gray anti-fatigue helm mat is provided. The boat also comes with an electronic warranty surcharge and a grow boating fee for the single engine.

For those who love evening adventures, the Spectrum Quattro RGBW underwater lights offer a vibrant and customizable illumination experience. The V700 Low Profile Windlass makes anchoring a breeze, while the premium audio system, featuring a stereo head, two 7.7-inch speakers, four 8.8-inch speakers, a 10-inch subwoofer, and an XDM 800 amplifier, ensures an outstanding auditory experience on the water.

The top-tier electronics package includes a Garmin VHF 215, dual GPSMAP 8612xsv chart plotters, and a B175 High-Wide transducer, providing superior navigation and communication capabilities. Freight and preparation are included, but please be aware that the trailer is not part of the sale price. This Everglades 253 is an extraordinary vessel, poised to deliver unforgettable moments on the water.

Basic boat info

Presenting the 2025 Everglades 253 Center Console, a fresh addition to the power category from the esteemed Everglades brand. This remarkable vessel is built using premium fiberglass, guaranteeing both longevity and superior performance on the water. Its hull identification number, RJDJX351L425, verifies its authenticity and adherence to industry regulations. Boasting a streamlined design and state-of-the-art construction, the Everglades 253 Center Console exemplifies contemporary engineering and craftsmanship, poised to offer an unmatched experience on the open seas.

Dimensions

The Everglades 253 Center Console features remarkable dimensions that significantly boost its performance and adaptability on the water. Measuring 24 feet 9 inches in length and extending to an overall length of 26 feet, this vessel provides generous space for both leisure and exploration. Its beam spans 8 feet 6 inches, ensuring stability and comfort throughout your journeys. The draft varies from a minimum of 1 foot 4 inches to a maximum of 2 feet 4 inches, facilitating seamless navigation across diverse water conditions. With a bridge clearance of 8 feet 6 inches, it easily passes under most bridges. Furthermore, the 20-degree deadrise ensures a smooth and efficient ride, making the Everglades 253 Center Console an exceptional option for boating aficionados.

Engine

The Everglades 253 Center Console is driven by a powerful Yamaha engine, celebrated for its dependability and high performance. This outboard motor operates on unleaded fuel and offers a remarkable 350 horsepower, allowing

the vessel to effortlessly navigate diverse conditions. The synergy of Yamaha's superior engineering and the engine's strength makes the Everglades 253 Center Console an excellent option for those desiring both speed and efficiency on the water. Whether you're gliding along the shoreline or setting out for a fishing expedition, this engine delivers the power and reliability essential for an outstanding boating adventure.

Tanks

The Everglades 253 Center Console comes with tanks specifically crafted to facilitate prolonged adventures on the water. The fuel tank features an impressive capacity of 100 gallons, granting an extensive range for extended cruising or fishing trips without the hassle of constant refueling. Accompanying this is a 20-gallon water tank, ensuring you have an adequate supply of fresh water during your maritime excursions. These generously sized tanks are a crucial aspect of the vessel's design, providing both convenience and reassurance for those eager to explore the open seas.

Additional info

The Everglades 253 Center Console is a versatile craft, categorized as both a Bay Boat and Center Console, crafted to satisfy the desires of any water enthusiast. This boat features dual storage compartments beneath the helm seat, simplifying the loading and unloading of your gear, along with a spacious built-in 87-quart cooler/dry storage under the forward console seat. Whether you're gearing up for a fishing expedition or a leisurely cruise, there's ample storage for all your equipment. The sleek, powder-coated bow rails and pop-up cleats, paired with the expansive 91-square-foot cockpit, offer all the room and freedom you need to move around with ease.

Fishing aficionados will appreciate the under gunwale rod storage on both port

and starboard sides, lockable rod storage with cushioned protection beneath the forward bow seating, a 26-gallon livewell, and a 69-gallon in-floor insulated fishbox, making the 253cc ready for any fishing adventure. The boat also includes two remarkable foldaway stern seats on either side of insulated storage. When not in use, the seatbacks fold down to reveal a large aft casting deck. Forward-facing bow seats are equipped with detachable backrests, ensuring the utmost comfort while underway. This sophisticated 253cc seamlessly blends comfort with functionality, sure to impress all aboard.

Built with an unsinkable design, the Everglades 253 Center Console comes with a lifetime hull warranty and a three-year component warranty. Its variable deadrise deep V-hull is constructed using the patented closed molded RAMCAP® process, ensuring both durability and performance. The boat is NMMA Certified and features a self-bailing cockpit, no wood construction, and high-density, closed-cell structural foam flotation. The hull laminate is crafted with premium gel coat, vinyl-ester barrier, and knitted bi-axle fiberglass, while the high-density composite transom and perfectly matched hull liner and deck enhance its long-term durability. The hull liner is fully finished inside, with molded-in diamond non-skid surfaces for safety.

The Everglades 253 Center Console is equipped with molded-in and oversized rigging troughs for easy access, ABS backing for self-tapping screws and bolts, and an aluminum framework fabricated in-house, sandblasted, and powder-coated with premium marine-grade materials. Wire harnesses are manufactured in-house with marine-grade materials, and all electrical circuits are safeguarded by circuit breakers or fuses. The boat features a robust rub rail with a 316 stainless steel insert and end caps, 316 cast stainless steel and chrome-plated fasteners for added corrosion and stain resistance, and all hardware is bedded or gasketed to resist corrosion. Heavy-duty, welded bow and stern eyes are bedded and sealed in polyurethane, and bronze high-speed intake strainers are included. A Transhield™ shipping cover is also provided.

The console of the Everglades 253 Center Console features a patented hydraulic sliding windshield with tempered glass and an intelligent wiper and washer system. It includes a console glove box/storage bin, console power port, USB charging ports, stainless steel drink holders, a compass, and a stainless steel steering wheel. A molded-in fiberglass footrest at the helm adds to the comfort and convenience.

The fiberglass hardtop with an aluminum powder-coated frame includes LED lights, spreader lights, an electronics box, four rod holders, and a ski pylon. The premier audio package features a Fusion 770 control head with Bluetooth, JL M-series speakers, a JL amplifier, and a subwoofer. Canvas life jacket storage is integrated into the hardtop.

The deck and cockpit are equipped with a 200ft 1/2 - 8PLAIT 10ft 3/8 chain with swivel and anchor, full spectrum LED lights, an anti-fatigue helm pad in storm gray, 8" pull-up cleats cast in 316 stainless steel and through-bolted, stainless steel drink holders, recessed cockpit drains, low-profile aluminum powder-coated bow rails, and cockpit coaming bolsters. Forward console seating, a removable bow filler with cushion, bow seating with removable forward-facing backrests and locking storage, stern seats with folding backrests that convert to a casting platform, and a helm seat with armrest are all included.

Mechanical and electrical features include automatic bilge pumps, a high-water alarm, LED full spectrum lighting, LED anchor and navigation lights, LED courtesy lighting, an electric horn, an engine starting battery bank with a charging system, a house battery bank with a charging system, stainless steel trim tabs with position indicator and auto-retract (single cylinder), and raw-water and fresh-water washdown spigots.

For fishability, the boat includes a built-in 87-quart cooler, a circulating livewell with light and a clear acrylic lid with stainless steel friction hinges and latch (26 gallons), a forward fish box (69 gallons), rod/cup holders, under gunwale

power ports (30A), and under gunwale rod racks on each side.
