## OVERVIEW

---

The 2021 Ranieri Caymen 26 unites a potent Mercury 250 hp outboard with a beautifully engineered hull to provide confident handling and effortless cruising. A SIMRAD MFD and electric windlass streamline navigation and anchoring, marrying intelligent function with elegant design. A generous bimini shelters the cockpit, offering cool shade and extending leisurely hours beneath the sun. Versatile and seaworthy, this craft is well suited to coastal passages, swim coves, and refined harbor excursions. For those seeking a premium, well equipped RIB, center console sport boat, and luxury dayboat, the Ranieri Caymen 26 presents a thoroughly polished experience.

# DETAILED DESCRIPTION

---

## Specifications

---

At 7.80 m in length and 2.80 m in beam, this RIB balances confident seakeeping with agile handling, carrying a weight of 1200 kg that feels reassuringly solid underway; long-range outings come naturally with a fuel tank capacity of 260 l, while a 60 l water tank supports comfort on board. The robust inflatable architecture features tubes with a diameter of 0.60 m divided into five tube compartments for enhanced safety and stability, presenting a purposeful platform that combines seaworthiness and practical onboard capacity.

## Standart equipment:

---

Thoughtful standard specification elevates every outing: four stainless-steel cleats and dedicated mooring hooks simplify secure dockside handling, while the complete console anchors a well-organized helm and ensures every control is intuitive underfoot. Comfort is assured by a full set of external cushions that are anti-UV and water-resistant with closed-cell foam, complemented by a dedicated bow sun pad cushion for effortless lounging; night passages and low-visibility returns are supported by navigation lights, and an electrical panel with keypad streamlines onboard control. A pair of fiberglass stern platforms integrates a telescopic ladder for graceful reboarding, and a bilge pump with automatic and manual control keeps the cockpit reassuringly dry. Versatility defines the social spaces with a folding stern seat backrest and a seat facing the console, while the fuel tank in cross-linked polyethylene pairs durability with safety. Power management is simplified by a battery switch, and convivial moments are centered around a stern table in King StarBoard; at the helm, full hydraulic steering delivers

precise response, punctuated by the clarity of an electric horn when needed.

## Extras

---

Curate your perfect day on the water with a suite of extras that transform every moment: immerse the deck in a magical glow with underwater lights, navigate with confidence on a high-clarity SIMRAD screen, and drop anchor at the touch of a switch with an electric anchor. Onboard convenience rises with a discreet toilet and a refrigerator to keep provisions chilled, while a bimini top casts welcome shade on sun-drenched afternoons. Up front, a sunbathing mattress in the bow invites unhurried relaxation, a ski pylon opens the door to watersports thrills, and a cover for each tube preserves the tubes' finish between adventures, ensuring the boat remains as striking as the day you first set out.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.

For more information and to view available yachts, you can visit the company's official website: <https://shestakovyachtsales.com>
