OVERVIEW

Jasper Marine partners with esteemed companies that specialize in marine engineering, computer lofting, and yacht design. We bring these proven and dependable designs to life with exceptional craftsmanship and a keen eye for detail.

Defender 22

Proudly constructed on the Sunshine Coast in Gibsons, British Columbia, the Defender 22 is a marvel of functionality within its 22-foot structure. Boasting a cutting-edge, fully insulated walk-through cabin, this yacht is perfect for a multitude of activities. Whether you're planning to fish, set off on weekend camping adventures, enjoy day trips, or commute, this vessel is your ideal companion. With a generous 8'6" beam, it provides exceptional stability, ample space, and is easily trailerable. The accessible bow area is ideal for storing gear and accessing beaches. Its spacious aft cockpit is perfect for fishing, socializing, or any other activities. The insulated cabin, complete with efficient heating and cooling systems, ensures comfort in any climate. We are delighted to introduce this highly practical, versatile, and stylish yacht.

DURABLE MARINE GRADE ALUMINUM

Our materials provide not only exceptional strength and durability but also user-friendly features with minimal maintenance required.

PREMIUM FINISHING

A beautifully crafted yacht deserves a luxurious finish! While this area is tailored to your preferences, we have access to a wide range of distributors and will expertly install all finishing touches. Discover yacht sales at the current boat location and seize the chance to own a yacht that epitomizes luxury and sophistication.

DETAILED DESCRIPTION

Section name

Jasper Marine partners with well-established experts in marine engineering, computer lofting, and boat design to present the Defender 22, a vessel that exemplifies superior craftsmanship and meticulous attention to detail. Proudly crafted on the Sunshine Coast in Gibsons, British Columbia, the Defender 22 is a compact marvel, packed with a wealth of features within its 22-foot structure. Its cutting-edge, fully insulated walk-through cabin design makes it perfect for a range of activities, from fishing and weekend camping to day trips and commuting. With a beam of 8'6", the Defender 22 is not only incredibly stable and spacious but also easily trailerable, making it a versatile option for any journey.

The boat's design facilitates easy access to the bow, offering excellent storage for gear and simple beach access. The roomy aft cockpit is ideal for fishing, socializing, or any other pursuits you may have. Inside, the insulated cabin, complete with efficient heating and cooling systems, ensures comfort in any weather, making the Defender 22 a practical and stylish choice for all seasons. Built from durable marine-grade aluminum, the Defender 22 provides outstanding strength and longevity while requiring minimal upkeep. This sturdy material offers operator forgiveness, ensuring a stress-free boating experience. Additionally, the Defender 22 features premium finishing, customized to your tastes. With access to a broad array of distributors, Jasper Marine expertly installs all finishing touches, ensuring your boat is not only well-constructed but also beautifully finished. The Defender 22 stands as a testament to Jasper Marine's dedication to quality and innovation, offering a versatile and dependable vessel for all your maritime adventures.

Features

The yacht comes with an extensive array of electronics and interior equipment, crafted to elevate your maritime journey. For seamless navigation and communication, it includes a depth sounder, log-speedometer, and a fully integrated navigation center, complete with a plotter and GPS. The onboard radio and VHF keep you connected, while the cockpit speakers deliver superb audio quality, whether you're enjoying music or receiving crucial navigational information.

Inside, the yacht is equipped with a bow thruster, providing exceptional maneuverability in confined areas, and a battery charger to ensure your power systems operate efficiently. The exterior equipment is equally remarkable, featuring a cockpit shower for refreshing rinses after a swim, outboard engine brackets for additional propulsion options, and a swimming ladder for effortless water access. These features come together to offer a yacht that is not only technologically sophisticated but also comfortable and convenient for all your nautical adventures.

Propulsion

The yacht is driven by a powerful propulsion system, equipped with two cutting-edge Mercury engines, each offering remarkable performance and dependability. These engines are the 2024 models, reflecting the latest innovations in marine technology. Each engine delivers 150 horsepower, combining for a total of 300 horsepower, ensuring smooth and potent navigation through the waters.

These outboard engines provide easy maintenance and adaptability across diverse marine settings. Running on gasoline, they are engineered for efficient and reliable performance, making them perfect for both relaxed cruises and more challenging journeys. With this formidable propulsion configuration, the

yacht guarantees an exhilarating and trustworthy experience on the open sea.

Specification

The yacht features remarkable dimensions, with a total length of 25.25 feet and a beam of 8.5 feet, offering plenty of room and stability for a relaxing voyage on the water. These measurements provide a roomy interior and a steady platform, making it perfect for both leisurely cruises and more daring adventures.

Regarding fuel capacity, the yacht is fitted with a single tank that can hold up to 120 gallons. This ample capacity supports extended journeys without the need for frequent stops to refuel, allowing you to venture further and savor longer trips. The blend of its thoughtfully designed dimensions and generous fuel capacity makes this yacht an excellent choice for those who desire both comfort and performance on the open sea.

Disclaimer

The Company offers the information about this vessel with sincere intent, aiming to deliver precise and dependable details. Nonetheless, it cannot assure or guarantee the accuracy of this information or the vessel's condition. Potential buyers are advised to have their agents or surveyors meticulously examine any specifics they wish to confirm. It is crucial to understand that this vessel is available subject to prior sale, price adjustments, or removal from the market without prior notice.
