OVERVIEW

023 Argonaut 260 Walkaround — Refined, secure, and primed for exploration. Step aboard the Argonaut 260 Walkaround and encounter a graceful marriage of sculpted lines, thoughtful ergonomics, and construction devoted to safety. Crafted by boutique builder Argonaut Boats—celebrated for clever layouts, meticulous finishes, and exceptional value—this adaptable walkaround cabin cruiser makes a striking statement at the dock and rewards you with composed, confident performance under way.

Designed for coastal weekends, sandbar gatherings, or an elegant day on the water with family and friends, the 260 blends comfort, handling, and modern systems with effortless poise. Propulsion is provided by a Mercury 225 hp outboard, covered by the factory warranty through 2027, partnered with a 9" Simrad touchscreen and a Mercury SmartCraft digital display for precise engine and navigation feedback. An AI-inspired helm ergonomics places every control intuitively within reach, while the slate grey hull, black hardtop, diamond-stitched upholstery, and polished stainless accents give the boat a distinctive, upscale demeanor that belies its compact footprint.

The proportions are ideal for a trailerable pocket yacht that is simple to manage: length overall 25'6", beam 8'2", draft 1'4", and a dry weight of 4,629 lbs. Sturdy stainless steel tanks provide 105.6 gallons of fuel capacity and 23.7 gallons of fresh water, and the hand-laid fiberglass hulling speaks to durability and a comfortable ride. A 2023 GP tandem axle trailer with brakes is included, immediately extending your cruising range and making transport straightforward.

At the helm, electronic throttle response and a Gussi Italia steering wheel deliver modern, precise control, complemented by a remote spotlight and a hidden telescoping swim ladder that fold into the boat's clean lines. The self-bailing hull, fitted with four drains, increases seaworthiness for inshore

passages and light offshore trips, underscoring the 260's versatility as both a weekender and a sportfishing ready walkaround.

Below, the cabin is intelligently configured to convert rapidly from lounge to overnight refuge: the V berth transforms with an electric lift table into either a snug berth or a convivial dinette. Practical comforts include a 50L refrigerator, considerate cabinetry, USB charging points, and warm LED lighting, all appointed with premium diamond stitched cushions.

Entertainment comes via a Fusion Bluetooth stereo driving two Kicker 8" LED speakers, while forward loungers with headrests and cup holders invite relaxed afternoons and lingering sunsets. A freshwater rinse shower, sink, integrated waste bin, and tasteful deck and ambient lighting round out the onboard hospitality.

Safety and confidence are built into every detail, from stainless handrails and two automatic bilge pumps to an illuminated DC panel, navigation lights, and a bright, reliable anchor light. As a walkaround, cabin cruiser, dayboat, and pocket express cruiser all in one elegantly executed package, the Argonaut 260 is prepared to begin its next chapter on the water.

DETAILED DESCRIPTION

About Argonaut Boats

Founded in 2022, Argonaut Boats draws inspiration from the rare female Argonaut—the marine artist that creates stunning protective shells. Each vessel is crafted with the same intent: to offer owners something both beautiful and purposeful. We believe life is better on the water, and it should not come at the expense of style, safety, or value. This 260 WA is turnkey and showing now in South Florida. It represents a rare opportunity to own a practically new, fully loaded, high style walk around boat with a private cabin and trailer included, ideal for couples, small families, or anyone seeking a unique and safe boating lifestyle. Call to schedule your private showing today. Become part of the Argonaut story. Navigate with us.
