DETAILED DESCRIPTION

Section name

Presenting the 2024 Sea Ray 250 SDX OB, driven by the powerful Mercury Verado 250, this yacht is crafted to turn every weekend into a delightful getaway. From the bow to the stern, the Sea Ray SDX 250 OB showcases the brand's commitment to superior craftsmanship and smart engineering. Its adaptable deck layout is designed to foster social interaction and relaxation, while the cutting-edge technology ensures user-friendly operation for everyone on board.

The yacht is equipped with a 12' Digital Dash featuring an optional Simrad touchscreen display, available in 9" or 12" sizes, enhancing the captain's control experience. The roomy interior head compartment offers an upgrade option with a cushion for extra comfort. The high-end Fusion audio system, with Bluetooth and Wi-Fi streaming capabilities, keeps your favorite music always accessible.

Visually, the Sea Ray SDX 250 OB offers a new metallic hull side color option, paired with a black canvas cockpit and tonneau cover. The white sports tower with a Bimini adds both elegance and practicality. For water enthusiasts, the yacht includes underwater lights and bow and transom sprayers, enhancing its overall charm.

The yacht's design features a spacious bow and cockpit lounging area, with multiple convertible backrests for maximum comfort. Additional elements like the bow filler cushion, bow table, and fender clips enrich the onboard experience. The intuitive helm and generous seating make this yacht the ideal choice for easy family day trips, providing ample storage and a chic appearance. With the Mercury outboard engine, the Sea Ray SDX 250 OB delivers the freedom and versatility to explore various boating environments

effortlessly.

Propulsion

The 2024 Sea Ray 250 SDX OB is equipped with a cutting-edge Mercury Verado engine, exemplifying the pinnacle of contemporary engineering and performance. This 2023 outboard model generates an impressive 200 horsepower, guaranteeing a powerful and exhilarating experience on the water. Engineered for both efficiency and dependability, the Mercury Verado runs on gasoline, striking an ideal balance between power and fuel efficiency. Whether you're gliding along the shoreline or venturing into open seas, this propulsion system provides the adaptability and power essential for a wide range of maritime excursions.

Specifications

The 2024 Sea Ray 250 SDX OB exemplifies excellence in both design and functionality, featuring impressive dimensions and attributes that enhance comfort and performance. With a total length of 25.17 feet and a beam of 8.5 feet, this yacht provides generous space for leisure and social gatherings. Its maximum draft of 3 feet ensures effortless navigation across diverse water conditions, while the dry weight of 5,557 pounds highlights its sturdy build. The yacht's transom deadrise is set at 21 degrees, striking an ideal balance between stability and maneuverability on the water. A capacious 63-gallon fuel tank supports fuel efficiency, enabling longer voyages without the need for frequent refueling. The accommodations include a well-equipped head, offering convenience and comfort for everyone on board. The Sea Ray 250 SDX OB is crafted to offer an outstanding boating experience, seamlessly blending style, spaciousness, and practicality in one extraordinary vessel.

Other details

The 2024 Sea Ray 250 SDX OB stands as a testament to modern engineering, offering a wide range of features that boost both functionality and comfort. Its electrical system includes a dual battery switch and trays, ensuring dependable power management. A fuse block and color-coded wiring with chafe protection further enhance the system's durability and safety.

At the helm, the yacht is equipped with engine alarms for oil and water, an audible alert system, and a dash visor that matches the color scheme. The chrome-accented shift and throttle lever features a trim switch and lanyard stop switch for enhanced control. The SmartCraft diagnostics system includes custom Sea Ray instruments with glass lenses, low-glare blue night lighting, and chrome bezels, offering comprehensive data such as fuel and trim gauges, speedometer, and a system tachometer that covers depth, engine alarms, hour meter, fuel consumption, trim level, troll control, and voltage. The power-assisted tilt wheel steering and Fusion SRX400 stereo system with Bluetooth and Wi-Fi audio streaming, paired with two sets of Fusion 6.5" speakers, ensure a premium experience. The switch panel is equipped with weatherproof lighted chrome toggle switches, and the tilt and trim are power-operated for ease of use.

The fuel system is designed with an evaporative emissions fuel system, USCG Type A-1 fuel lines, and a fuel tank with an electric shutoff valve and stainless steel sending unit, ensuring efficiency and safety. In the engine compartment, a 12V automatic bilge pump and gel-coated compartment provide reliability and ease of maintenance.

Seating arrangements are thoughtfully designed with bow seating that faces both aft and forward, a double helm seat with a reversible backrest and flip-up thigh rise, and a fiberglass base. The double port companion seat also features a reversible backrest and flip-up thigh rise, complemented by a port L-shaped

lounger with storage and a transom sunpad with a reversible backrest and storage. The cockpit is equipped with stainless steel beverage holders with rubber inserts, ivory cockpit vinyl with brown accents, a carry-on cooler with designated storage, and a custom upholstered dash visor. The bow block-off door is crafted from white acrylic, and the transom door is made of acrylic as well. The finished fiberglass floor, stainless steel grab handles, and enclosed head compartment with a lockable fiberglass door and portable head add to the yacht's convenience. Courtesy lighting is provided by white LEDs, and there is a 12V accessory outlet with USB. Storage is ample, with a cockpit floor compartment featuring vinyl matting, a gas-assisted fiberglass lid, and a lockable stainless steel latch. A plastic cockpit table with designated storage and marine-grade vinyl with mildew and UV protection complete the seating area.

The hull and deck are meticulously crafted, featuring a bow locker with an integral fiberglass hatch and stainless steel hardware, a concealed four-step bow boarding ladder, and anchor storage on the foredeck. Stainless steel bow and stern eyes, six thru-bolted cleats with the Sea Ray logo, and a stainless steel fuel fill plate add to the vessel's robust construction. The brass-threaded garboard drain plug, Arctic White gel coat, and stainless steel hardware ensure durability and style. Navigation lights are also stainless steel, and the white PVC rub rail with a stainless steel insert adds a touch of elegance. The swim platform includes an undermount stainless steel three-step swim ladder, and the windshield features a black matte finish with a port walkthrough to the bow.

Please note that the company provides these details in good faith but cannot guarantee the accuracy or condition of the vessel. Prospective buyers are encouraged to have their agents or surveyors verify the information. The vessel is offered subject to prior sale, price change, or withdrawal without notice.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide.
