OVERVIEW

[Yacht Description]:

A New Era of Entry-Level Performance Center Console Yachts

Debuting at the 2020 Fort Lauderdale International Boat Show, the innovative 235cc reshapes what is expected. In the world of entry-level center console yachts, dimensions are crucial, and Everglades has raised the bar.

Built on our proprietary RAMCAP high-density hull, the 235cc brings forward advancements that make the term "entry-level" seem outdated. At its core, this yacht is a fishing aficionado's ideal vessel, with a sturdy hull that navigates beyond shallow inlets and coastal waters into the vast ocean. Powered by a 300hp Yamaha engine, the 235cc's refined helm harnesses this energy. The helm is equipped with digital displays, Bocatech® switches, a sliding windshield, and Helm Master controls, all thoughtfully positioned to provide the captain with complete control and outstanding 360° visibility. Our distinctive swivel helm seat offers unmatched versatility, keeping the captain comfortable and steady when facing forward, and can rotate to function as a mezzanine seat, offering a cushioned alternative leaning post. At the bow, seating and forward console areas are enhanced with larger, ergonomically crafted seats and insulated cooler/dry storage underneath.

Discover yacht sales in the current boat location and seize the chance to purchase a yacht that establishes a new standard in the center console category.

DETAILED DESCRIPTION

Section name

[Yacht Description]:

Presenting a groundbreaking class of entry-level performance center console boats, the innovative 235cc made its grand entrance at the 2020 Fort Lauderdale International Boat Show, establishing a new benchmark in the entry-level center console segment. Everglades has elevated expectations with this extraordinary vessel. Constructed on our patented RAMCAP high-density hull, the 235cc introduces advancements and features that transform the concept of "entry-level." At its essence, this boat is a fishing enthusiast's dream, with a hull that provides the strength and durability to explore beyond shallow bays and intercoastal waters into the vast ocean.

Powered by a formidable 300hp Yamaha engine package, the 235cc delivers unmatched control at its enhanced helm. The helm is outfitted with digital displays, Bocatech® switches, a sliding windshield, and Helm Master controls, all meticulously arranged to give the captain full command and exceptional 360° visibility. Our patent-pending swivel helm seat offers unprecedented versatility, allowing the captain to stay comfortable and stable when facing forward or to pivot to face the stern as a mezzanine seat, providing an alternative cushioned leaning post. At the front, the bow and forward console seating have been upgraded with larger, more contoured seats and under-seat insulated cooler/dry storage.

Below deck, the enhanced console features a more spacious head and storage area, while other improvements and creature comforts include upgraded bow seating and storage, retractable full transom seating, added gunnel bolsters, and all-new powder-coated accent color options. When it comes to fishing, the 235cc is equipped with Everglades' exclusive fishing DNA. This renowned near

shore and intercoastal fishing boat includes a rigging station with tackle tray storage, tackle drawers, tool and leader storage, a rigging surface, and four-rod holders. The transom features a standard 17-gallon starboard circulating livewell with a clear acrylic lid and stainless steel friction hinges and latch, along with a standard port side insulated cooler. With ample storage spaces and under gunwale rod racks, you can bring all your gear and have everything within easy reach.

Whether for leisurely boating or serious fishing, the new 235cc dramatically raises the standard for what you should anticipate in a premium center console boat. It features an industry-first 180-degree swivel helm/mezzanine seat and a sleek, new spacious design that caters to both anglers and cruisers alike. Rich accents and details include refined upholstery with exposed stitching and well-appointed amenities. The 235cc also boasts industry-leading fishing features, including a standard livewell, integrated cup/rod holder combinations in the deck, and generous storage compartments.

Basic boat info

[Yacht Description]:

Presenting the WHITE, a breathtaking 2023 Everglades 235CC that represents the zenith of contemporary boat design and craftsmanship. This brand-new powerboat, created by the esteemed Everglades, is built with premium fiberglass, ensuring both resilience and top-tier performance on the water. The 235CC model stands as a testament to Everglades' dedication to excellence, seamlessly combining elegance, practicality, and state-of-the-art technology. The WHITE is more than just a vessel; it is a symbol of elegance and strength. With an impressive range of 222 miles, this yacht is crafted to take you on memorable voyages, whether you're navigating the coastline or exploring the open sea. The hull, marked by the ID RJDKA076E323, is expertly designed to offer a smooth and stable journey, enhancing your time on the water.

Every aspect of the WHITE has been meticulously designed, from its streamlined exterior to its advanced features. As the latest member of the Everglades lineup, this 235CC model is poised to deliver unmatched performance and luxury to its owner. Whether you're an experienced mariner or new to boating, the WHITE is set to surpass your expectations and offer endless adventures on the open waters.

Dimensions

[Yacht Description]:

The proportions of this remarkable vessel are carefully crafted to deliver both practicality and luxury. Measuring 23 feet in length and extending to an overall length of 25 feet, this boat offers generous space for both leisure and exploration. With a beam of 8 feet 8 inches, it ensures stability and a roomy deck for all your aquatic activities. The draft is adaptable, featuring a maximum of 2 feet 6 inches and a minimum of 12 feet 3 inches, facilitating smooth navigation across various water depths.

The bridge clearance is 7 feet 10 inches, allowing the yacht to glide under most bridges effortlessly. The 18-degree deadrise is skillfully designed to boost the vessel's performance, ensuring a smooth and efficient journey even in turbulent waters. Furthermore, the electrical system operates at 12 volts, providing dependable power for all onboard equipment and electronics. These dimensions and specifications combine to form a vessel that is not only functional but also a delight to maneuver, ensuring every voyage is a pleasurable experience.

Engines / speed

[Yacht Description]:

This extraordinary vessel is equipped with a cutting-edge Yamaha engine,

specifically the F300XSB2 model, celebrated for its dependability and high performance. Powered by unleaded fuel, this outboard-4s engine delivers a remarkable 300 horsepower, ensuring the boat is both robust and efficient. As a 2023 model, it embodies the forefront of marine technology, offering a smooth and thrilling experience on the water.

In terms of speed, this boat truly excels. It offers a comfortable cruising speed of 32 mph, providing smooth and pleasurable voyages. The propeller functions at an ideal 4500 RPM, guaranteeing effective propulsion and fuel efficiency. For those in search of more excitement, the vessel can achieve a top speed of 44 mph, making it ideal for both relaxed cruises and more daring adventures. This blend of power and speed ensures that every journey is both exhilarating and unforgettable, whether you're discovering new waters or simply enjoying a day at sea.

Tanks

[Yacht Description]:

This yacht is outfitted with meticulously crafted tanks to guarantee both extended voyages and onboard convenience. The fuel system includes a single tank with an impressive capacity of 105 gallons, enabling long-distance travel without the need for frequent refueling. This ample fuel storage allows you to venture further and savor your time on the water without the constant worry of running low on fuel.

Complementing its remarkable fuel capacity, the yacht is also equipped with a water tank that holds up to 9 gallons. This water storage is perfect for sustaining essential onboard facilities, ensuring fresh water is available for your needs during your adventures. Together, these tanks are fundamental to the yacht's design, enhancing both its performance and the comfort of those on board, ensuring every journey is smooth and pleasurable.

Additional info

[Yacht Description]:

This outstanding center console boat is crafted with a range of features and standards that distinguish it in its category. With a single head and an electric windlass, it provides both convenience and ease of operation. The boat's construction is unsinkable, supported by a lifetime hull warranty and a three-year component warranty, offering peace of mind to the owner. The variable deadrise deep V-hull, created using the patented closed molded RAMCAP® construction process, is NMMA certified and includes a self-bailing cockpit. Built without wood, it uses high-density, closed-cell structural foam flotation and a premium hull laminate that features gel coat, vinyl-ester barrier, and knitted bi-axle fiberglass. The high-density composite transom and perfectly aligned hull liner and deck enhance its long-term durability. Molded-in diamond non-skid surfaces, oversized rigging troughs, and ABS backing for self-tapping screws and bolts improve the boat's functionality. The aluminum framework is crafted in-house, sandblasted, and powder-coated with top-grade marine materials, while wire harnesses are also produced in-house using marine-grade materials. Circuit protection is provided by circuit breakers or fuses, and the boat is fitted with a heavy-duty rub rail with a 316 stainless steel insert and end caps. All hardware is bedded or gasketed to resist corrosion, and the boat features heavy-duty, welded bow and stern eyes, bedded and sealed in polyurethane, along with bronze high-speed intake strainers.

The console is equipped with a patented hydraulic sliding windshield with tempered glass and an intelligent wiper and washer system. It includes a glove box/storage bin, handrails, power port, USB charging ports, stainless steel drink holders, a compass, and a stainless steel steering wheel. The helm features a molded-in fiberglass footrest, and the head compartment is complete with a porta potty, lighting, storage, flooring, an opening port light,

and a lockable door.

The hardtop is constructed from fiberglass with a molded-in handrail and drainage trough, aluminum powder-coated with handholds, LED lights, spreader lights, an electronics box, four rod holders, and a ski pylon. It features an integrated hardtop and windshield frame, a premier audio package with a Fusion 770 control head, Bluetooth, JL M-series speakers, a JL amplifier, and a subwoofer. Canvas life jacket storage is also included in the hardtop.

The deck and cockpit are designed with an anchor locker, anti-fatigue helm pad, stainless steel drink holders, recessed cockpit drains, low-profile aluminum powder-coated bow rails, and a side utility door that opens inboard. The bilge access hatch includes drainage, and the swim platform features a telescoping ladder with stainless steel handrails. The transom includes an insulated cooler box, and there are under-gunnel storage boxes, cockpit coaming bolsters, cushioned forward console seating with armrests and storage, split bow seating with cushions, cup holders, and storage, as well as stainless steel folding aft bench seats. The rotating dual helm seat with armrests and a flip-down footrest can rotate to the aft-facing position.

For fishing enthusiasts, the boat is equipped with a circulating livewell with a light and clear acrylic lid, a fish box forward in the deck with a macerator pump-out, eight rod holders, four rod/cup holders, a port side tackle drawer, and under-gunnel rod racks on each side.

Mechanically and electrically, the boat features automatic bilge pumps, a high-water alarm, LED anchor and navigation lights, LED courtesy lighting, an electric horn, engine starting and house battery banks with charging systems, stainless steel trim tabs with position indicator and auto-retract, and raw-water and fresh-water washdown spigots.

This boat comes with several included options, such as a light bar, a ladder for side access reboarding door with dedicated storage, full color spectrum

hardtop and deck lighting, JL M6 Series LED speaker upgrade, LED underwater lights, a bow casting platform with filler cushion, and an electric windlass with remote and dedicated tool storage integrated through the stem anchor chute.

The electronics package includes a Garmin Basic Package with a VHF 215, a single display GPSMAP® 8612xsv chart plotter, and a B175HW High-Wide Transducer. The canvas and upholstery are in solid white, with a canvas package that includes a helm seat cover, forward console seat cover, and console cover, as well as a removable bow backrest.

The gel coat and paint options allow for customization to the waterline or complete hull, with the hardtop undersides and hull color in white and premium powder coating also in white. The engine package features a Yamaha Single 300hp with DES.
