OVERVIEW

\$10,000 PRICE REDUCTION 10/24/2025

The 2018 Boston Whaler 250 Outrage HALF MOON is lift-kept and has never been bottom painted, a meticulously cared-for center console powered by twin 225 hp Mercury outboards showing just 285 hours and maintained by the same owner since hour nine. Outfitted with Garmin electronics, premium JL Audio sound, and new batteries, she presents as a turnkey vessel ready for immediate departure.

Designed for anglers who insist on uncompromised comfort, safety, and style, the 250 Outrage marries offshore sportfishing capability with the refinement of a dayboat and the practical elegance of a first-class yacht tender. Boston Whaler's renowned unsinkable construction and clean, confident lines inspire trust whether she serves as a capable tender to a motor yacht or chases pelagics beyond the inlet. The helm is laid out for serious navigation, with room for dual 12-inch displays, an ergonomic footrest, and the deluxe helm seat upgrade that pairs an adjustable captain's chair with a fixed companion seat.

Forward, an open bow creates a welcoming social space on plush lounges while revealing capacious lockers for orderly stowage. Amidships, a well-appointed leaning post anchors the fishing program with a 40-gallon livewell, a sink with sprayer, and plentiful tackle storage. While Mercury power options extend up to the Verado 350 FourStroke, this example's efficient twin 225s deliver an ideal balance of acceleration, range, and refined cruising for family outings, coastal passages, and tournament-ready pursuits.

Lift-kept condition, a polished fit and finish, and a thoughtfully specified equipment list make HALF MOON a standout center console—equally at home offshore, on a tranquil bay, or nestled alongside a superyacht as an elegant, capable tender.
