# DETAILED DESCRIPTION

---

## Section name

---

The 25 Bertram FlyBridge Sport Fisherman is an extraordinary vessel that seamlessly blends timeless design with contemporary enhancements, making it a standout in the boating world. Originally crafted in 1976, this boat, lovingly named "Wobbleena," has been carefully restored and upgraded to exceed its original glory. The cuddy cabin at the bow is adorned with port and starboard cushions made from blue Sunbrella fabric, offering both comfort and elegance. The toilet is strategically placed between the berths, enclosed in a flip-up compartment for privacy. As you move aft, you'll discover the helm and seating area, with the lower controls on the starboard side and a storage cabinet at the rear. To port, a face-to-face convertible dinette provides a cozy spot for dining or unwinding. Stepping further aft and ascending one step, you enter the expansive cockpit.

The deck of this Fly Bridge Sport Fisherman features a stainless steel folding bimini with a dark blue Sunbrella top, providing shade and protection. A custom bow pulpit with welded aluminum rails and a stainless steel plow anchor, operated by a Lewmar electric windlass with remote helm control, ensures secure anchoring. The fly bridge is enclosed with three-piece Isinglass aft curtains, and a helm storage cover is included for protection. A folding stainless steel cockpit sunshade, also in dark blue Sunbrella, enhances comfort. The helm seat is designed in a bench style, and the fiberglass decks maintain their original non-slip pattern. Teak swim platforms on both port and starboard with single-step ladders offer easy water access. The yacht is equipped with LED 12-volt spreader lights, a face-to-face convertible dinette with a drop-down table, and a starboard side lower helm station with a single helm seat. An original tackle storage cabinet, complete with a pressurized

fresh water sink, adds functionality. The front and side windows open for ventilation, and two-step cockpit boarding steps ensure easy entry. Two AFI electric windshield wipers provide clear visibility, while the original welded stainless steel bridge ladder with cast aluminum step treads offers safe access to the fly bridge. The hull is finished with a dark blue Awl Grip paint job, complemented by three Lumitec Blue/White underwater lights and blue LED under gunwale lights. Blue Sunbrella cushions enhance the front deck area, adding comfort and style.

For fishing aficionados, the yacht is equipped with four gunwale-mounted rod holders, ensuring a seamless fishing experience. The electronics suite is impressive, featuring a 2-inch Ritchie compass, a Fusion MS NRX300 AM/FM stereo with Bluetooth input, and JL Audio speakers. Communication is facilitated by an Icom ICM 506 VHF radio, while navigation is enhanced by two Furuno 12-inch NAVNet 3D touch screen monitors with 36-mile radar, GPS-plotter, and FishFinder capabilities. Two 4-inch Danforth compasses and a Stryker remote electric spotlight complete the electronics package.

Mechanically, the yacht is powered by twin 200HP Volvo Penta D3-200 inboard/outboard diesel engines with just 100 hours of use. The Volvo Penta DUO-Prop outdrives feature power tilt and trim, and stainless steel props ensure efficient performance. Volvo Penta electric engine controls and a digital gauge monitor provide precise control and monitoring. Sea Star hydraulic steering ensures smooth handling, while two 12-volt 1500GPH Rule bilge pumps offer reliable water management. A Blue Sea 25 amp 12-volt battery charger and a 110-volt shore power inlet with a 50-foot 30 amp cord provide power solutions. A remote battery monitor and a Volvo Penta engine warranty valid until November 2023 offer peace of mind.

The yacht comes with an EZ Loader tandem axle aluminum I-beam trailer, adding convenience and mobility. Since 2021, over \$30,000 has been invested in upgrades and custom features, enhancing the boat's functionality and

appeal. The combination of robust diesel engines, a comprehensive electronics package, and the convenience of a trailer, along with the legendary Bertram pedigree, makes "Wobbleena" an incredible opportunity to own a functional classic and capable offshore machine. It is truly something to be proud of. Please note that the name "Wobbleena" is reserved and must be removed within 30 days of the sale.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
