OVERVIEW

Experience the Sophistication of the 2021 Premium Yacht

Embark on a journey aboard this magnificent 25-foot premium yacht, a true masterpiece in the realm of yachting, now available for purchase in the United States. Built in 2021, this remarkable vessel seamlessly blends contemporary design with outstanding performance, making it the ideal choice for those seeking a yacht that epitomizes both elegance and practicality.

As you navigate the waters, the streamlined aluminum hull and deck offer not only resilience but also guarantee a smooth and steady voyage. Driven by a dependable Honda outboard motor, this yacht features an impressive 90-gallon fuel capacity, enabling prolonged adventures on the open sea without the hassle of frequent refueling. Whether you're envisioning a relaxing day on the water or an exciting weekend escape, this yacht is crafted to fulfill all your cruising desires.

Inside, the yacht is a haven of comfort and elegance. Expertly designed to optimize space, it provides a warm and inviting environment for family and friends. The layout is ideal for socializing, with plenty of seating and spaces to unwind while taking in the stunning views. Every element has been carefully curated to ensure a luxurious experience, making it a perfect choice for those who cherish the finer aspects of life.

This yacht is more than just a vessel; it's a lifestyle. Picture hosting sunset soirées, embarking on fishing trips, or simply savoring a tranquil day on the water. With its current location in the United States, this yacht is poised for you to begin your next adventure.

Seize the chance to own this extraordinary yacht. With yacht sales in the current location on the rise, now is the ideal moment to turn your dream of yacht ownership into reality. Discover the opportunities and enhance your lifestyle with this stunning 2021 model. Your adventure awaits—embrace the

opportunity and make this luxurious yacht yours today!

DETAILED DESCRIPTION

Section name

This remarkable yacht is powered by a robust Honada 225 outboard engine, complete with a stainless steel propeller and approximately 150 hours of operation, ensuring it meets all current service standards. Adding to its versatility is a Honda 9.9 kicker motor, offering enhanced control. The yacht is conveniently transported on a dual axle trailer equipped with hydraulic disc brakes, guaranteeing safe and smooth journeys.

At the helm, you'll discover two Garmin 12" 1242xsv plotters, with an additional unit on the transom, providing extensive navigation capabilities. The Garmin SideVu sonar and Garmin Reactor 40 autopilot further elevate the vessel's navigational expertise. For precise throttle management, the I-Troll digital throttle control is included, while communication is handled by an ICOM VHF with a 10-foot antenna. The yacht features trim tabs with LED indicators, and entertainment is delivered through a Boss Bluetooth stereo system.

Fishing aficionados will value the Minn Kota Terrova trolling motor, along with eight Cisco tube rod holders and two Magnum Metalz rod trees, each accommodating four rods per tube. A dive ladder is also provided for easy water access.

The aluminum hull comes with a lifetime limited warranty for the original owner, crafted from H116 – 5086 aluminum for the bottom, with rigid longitudinal box beam bottom bracing. Performance is enhanced by reverse chines, lifting, and turning strakes, while an offshore motor bracket ensures unmatched overall performance, strength, and finish. The yacht is equipped with an extra-strong, welded walk-through windshield with 1/4" tinted, tempered glass.

Exterior features include five welded rope cleats, brushed aluminum

downrigger brackets, bow rails, and stern rails. A welded NR swim deck trolling motor bracket is positioned portside, and rear cowling fish boxes with a center pylon receiver are included, along with transom tie downs.

The fastback design features an oversized walk-through center windshield for easy access from the cabin to the bow, with two slider side windows featuring screens. A canvas back drop and forward canvas fly are included, with a full-aluminum skinned top available as an option. The interior is illuminated by a dome light, and two welded rails are mounted on the rooftop. Additional features include welded storage trays on the inside of the fastback top, cladding for the headliner, a folding mast light, and a radar mount on the roof with a bracket and plate.

The yacht's paint features include color-matched Zolatone interior paint with a clear coat, one-color full side paint, and transom paint with a clear coat. Polished gunwales and color-matched Zolatone on the cabin exterior sides and roof top enhance the aesthetic appeal. The floor grip non-skid surface is applied to the gunwales, recessed bow, and step.

Inside, the yacht offers a large lockable glove box, durable aluminum floors with floor grip, and full-width aft storage for battery and outfitting components. Full-length side trays with rod retainers, carpet above side trays, front bulkhead, and bow storage area provide ample storage options. Four adjustable mount cup holders, two suspension seats with severe duty chassis and swivels, and 36" storage benches with cushion lids and folding back pads ensure comfort and convenience. Additional storage is available under the bow, and an under-floor fuel tank with a water-separating filter is included. Electrical features include a loose fuel gauge, a dash panel with eight rocker switches, dual windshield wipers, a 12-volt power point, and a double USB power socket. A 1250 GPH high-capacity bilge pump with an auto float switch, recessed horn, heavy-duty marine batteries with an on/off switch and ACR, trim tabs, and navigation/anchor lights with LED technology are also included.

LED interior accent lighting and a bow storage light enhance visibility and ambiance.

Finally, the yacht is transported on a tandem axle trailer with brakes, ensuring safe and efficient travel to your next adventure.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
