OVERVIEW

Discover a new level of sophistication with the Bennington G Model, where opulence and cutting-edge technology converge. This stunning yacht available for purchase features a host of luxurious amenities, such as illuminated speakers that offer outstanding audio clarity, a built-in bow cooler to keep your drinks chilled, and a custom stainless steel steering wheel with finely detailed Bennington engravings. The G Model pontoons artfully combine high-quality sound with an elegant aesthetic. Underneath the beautifully coordinated Simtex™ soft-touch vinyl upholstery, you'll find a harmonious blend of classic craftsmanship and modern materials, delivering unmatched comfort, resilience, and style. For over twenty years, the L-Bench design has been a top choice for boating aficionados, offering adaptable seating options, generous storage, and easy water access. Explore yacht sales in your area and seize the chance to own a yacht that elevates luxury on the water.

DETAILED DESCRIPTION

Section name

Stepping into the G Model from Bennington grants you instant access to their exclusive premium features. This luxurious vessel is equipped with illuminated speakers that provide immersive sound, a built-in bow cooler to keep your drinks perfectly chilled, and a bespoke stainless steel steering wheel featuring intricately engraved Bennington logos. The G Model pontoons seamlessly combine superior audio with elegant design, promising an exceptional boating experience. Underneath the color-coordinated Simtex™ soft-touch vinyl of the premium furnishings lies a perfect fusion of traditional craftsmanship and contemporary materials, ensuring unmatched comfort, durability, and style. For over two decades, the L-Bench layout has been a favorite among boating enthusiasts, offering versatile seating, generous storage, and effortless access throughout the boat. This well-thought-out design guarantees that every voyage is as comfortable and convenient as possible, making the G Model an outstanding choice for those who desire both luxury and practicality on the water.

Overview

Indulge in a unique family getaway with a refreshing twist on the conventional. The Bennington G Series pontoon boats seamlessly combine performance, style, and quality, making them both accessible and highly desirable. With options ranging from 18 to 25 feet, you can craft a vessel that opens up a new realm of possibilities.

Inside, the G Series showcases a lavish interior with portable cupholders rimmed in stainless steel and three chaise lounges for ultimate comfort. A

27-quart cooler seat insert keeps your drinks within easy reach, while the new two-tone vinyl furniture adds a modern flair. Powder-coated seat hinges and accents of stainless steel and woodgrain throughout the boat emphasize meticulous craftsmanship. Duraframe seat bases offer sturdy support, and safety is prioritized with an onboard fire extinguisher. The interior's comfort and functionality are further enhanced by stainless steel rimmed cupholders and a reclining captain's chair from the G Series. Blue Ice LED illuminated Kicker speakers provide superior sound, and the woven vinyl full floor adds a layer of sophistication. Equipped with a 26-gallon fuel tank, offering 24.5 gallons of usable capacity, and an espresso teak trapezoid table, the boat provides a chic gathering area. A privacy enclosure in the port stern lounge and Simtex vinyl upholstery complete the opulent interior.

The G Series exterior is equally remarkable, featuring 16-inch on-center midship cross members and a 4-step curved boarding ladder for effortless access. Crystal cap logos and new docking lights in ABS housings lend a contemporary touch. The 18-inch stern deck and underdeck spray deflectors ensure a smooth journey. Full-height panels and a Surlast mooring cover offer protection, while full-length extruded anodized skirting and raised anodized rails boost durability. Large radius bow rails with a 24-inch gate, stainless steel cleats, and corner castings guarantee secure mooring. Stainless steel deck bolts, a streamlined rail system, and quick clips for the mooring cover contribute to the boat's robust build. The 25-inch pontoons and quick-release 10-foot bimini top with a Surlast embroidered boot, 1.25-inch frame, and trailering struts provide both convenience and style. The .250-inch thick bow and stern cross channels and 6-inch stainless steel cleats ensure stability, while the flush bow deck and 18-inch stern deck offer generous space.

The console is crafted with practicality in mind, featuring a helm courtesy light and illuminated rocker switches with dash-mounted breakers. A custom wheel with espresso teak accents and an etched center cap adds a touch of sophistication. The console is equipped with a 12-volt receptacle and a custom

sterling gauge package that includes fuel, tachometer, and trim indicators. Espresso teak dash accents and an hour meter enhance functionality. A locking side access door and low-profile windshield provide convenience, while the one-piece fiberglass console and sealed Deutsch connectors ensure longevity. The integrated Kicker speaker system (KMC1) delivers outstanding audio quality, making every voyage a delight.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
