# DETAILED DESCRIPTION

---

## Section name

---

This yacht represents the pinnacle of contemporary engineering and design, delivering an unmatched experience on the water. At its core are the twin Rotax HO 300 ACE Jet Drive engines, with only 9.5 hours of operation and still under warranty, providing both power and assurance. Complementing this is a 2023 MagicTilt welded tandem axle trailer, equipped with a spare tire, ensuring effortless transport.

The vessel boasts a Simrad Go9 touchscreen for intuitive navigation and control. The enhanced seating package includes six backrests and a bow-filler cushion, guaranteeing comfort for all aboard. For fishing enthusiasts, the yacht offers an upgraded fishing package with two fishing chairs, four rod holders, a forward live well, and two rod storage areas.

Entertainment reaches new heights with a premium sound system, featuring four JL Audio 6.5" speakers with color-changing lights, a 10" subwoofer, and a JL Audio amplifier. Control is easily accessible with the JL Audio cockpit and transom remote. The atmosphere is further enriched by underwater lights, RGB courtesy lights, and both forward and rear spreader lights.

Practical features include a porta potty and covers for the console and helm seat. For water sports lovers, there are two wakeboard racks. The electronics suite is extensive, including a depth sounder, plotter, GPS, radio, and cockpit speakers.

Inside, the marine head offers convenience, while outside, the cockpit cushions and swimming ladder enhance the yacht's allure. Additional equipment includes a road trailer, making this yacht ready for any journey.

The hull and deck are expertly crafted, featuring anchor storage, stainless steel bow and stern eyes, and pull-up cleats. The deck and exterior color options are

customizable, and the fiberglass stringer system ensures longevity. Safety and compliance are guaranteed with USCG and Canadian regulations, NMMA certification, and LED navigation lights.

The cockpit is a sanctuary of comfort and utility, with stainless steel assist handles, beverage holders, and a built-in cooler. The self-bailing cockpit features premium custom-contoured vinyl upholstery, and storage is plentiful with options under seats, in-floor, and in cargo nets.

At the helm, cruise control mode, an emergency engine shut-off, and a Scarab custom gauge cluster offer control and safety. The deluxe tilt steering wheel and storage for small electronics add to the ease of use.

The engine and systems are cutting-edge, with a battery switch, automatic bilge pump, engine blower, and intelligent neutral and reverse (INR) system. Additional features include a flush-out exhaust kit, lateral thrust control, and sound dampening kit, ensuring a smooth and quiet voyage.

This yacht is more than just a vessel; it's a comprehensive package, offering luxury, performance, and adaptability for any sea adventure.

## Overview

---

The Scarab 255 Open is a 25-foot masterpiece that represents boundless possibilities, fresh adventures, and unforgettable experiences, all while ensuring countless smiles. This yacht exemplifies Scarab's dedication to challenging industry standards, showcasing an exceptional level of excellence that is instantly noticeable. The cockpit is a highlight, offering more room, adaptability, and sophistication than typically found in a boat of this size. Scarab has expertly designed a vessel that surpasses traditional expectations, making the 255 Open an extraordinary option for those in search of both excitement and sophistication on the water.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide.
