## OVERVIEW

---

Delivered in 2023 by Golden Yachts, the 77.7m vessel MALIA is a striking luxury motor yacht whose 2,165 GT of internal volume translates into truly expansive living. Her sculpted profile commands attention both while underway and at anchor, and her scale is matched by a suite of premium amenities that range from a generous beach club to a dedicated spa and meticulously appointed social spaces.

A pervasive sense of openness defines the interior, where floor-to-ceiling glazing frames uninterrupted ocean views and pours daylight into every salon and corridor, subtly erasing the boundary between vessel and sea. The interiors, conceived by Studio Massari, are an exercise in refined materiality: more than 250 bespoke finishes — including exotic timbers and rare stone — have been employed to create a layered, tactile environment. Illuminated, sculptural wave features enliven the main and upper salons, while tiered chandeliers spiral around an elegant spiral staircase; each surface, curve and lighting scheme has been considered to produce a quietly theatrical onboard ambience.

The lower-deck beach club is a defining element of the yacht's layout, descending to a wide swim platform and, via fold-out terraces to port and starboard, extending the living area directly over the water. Designed as a calm, sea-level retreat with natural ventilation, this space is furnished with relaxed seating, a wet bar and ample sunning areas and also conceals a private wellness enclave, incorporating a hammam, sauna and a dedicated massage suite.

All fresco spaces are equally impressive: a pool terrace on the main deck, a sun deck appointed with a bar, jacuzzi and lounge, and an upper-deck aft dining area each provide distinctive settings for entertaining or quiet relaxation, affording varied outlooks across the seascape.

Guest accommodation is arranged to welcome up to 17 guests across eight cabins. The main deck is dominated by a full-beam owner's suite that includes a private lounge and an adjacent twin room ideal for children, while two further double cabins occupy the remainder of the main deck. The lower deck accommodates one twin plus three additional double cabins.

Presented in outstanding condition and engineered for both comfort and operational flexibility, MALIA is equally compelling as a private superyacht or as a continued charter platform. An award-winning vessel that blends contemporary design with a highly polished onboard experience, she benefits from a lift serving the lower through upper decks and places a signature beach club at her heart, firmly establishing her among leading megayachts. With a single owner since delivery and an extra €5m invested in system upgrades, she is offered in immaculate, turnkey condition and ready for years of effortless cruising.
