## OVERVIEW

---

Meticulously maintained by a skilled crew and wintered in dry storage, this craft presents itself as an impeccable yacht tender equipped with a towing bracket or as a graceful family day cruiser. The Evo-2 step hull design delivers the stability, strength, and high-speed performance one expects from a fine RIB, while NorthStar's heritage of sleek, restrained lines is evident throughout; the Orion 8 quietly redefines standards for mid-range cruising RIBs.

Elegantly appointed yet robust, the Orion 8 comes standard with a Silververtex finish and expansive storage areas, complemented by an acrylic glove box with a USB port for convenient device charging. Practicality and seaworthiness are expressed in its towing bracket and durable Hypalon tubes, while responsive handling is provided by a hydraulic steering system. The integrated electrical system supplies navigation and basic lighting, and safety is enhanced by automatic bilge pumps. Comfort and usability are assured by a tempered glass windshield, a bathing platform with a stainless steel swim ladder, telescopic cleats, and stainless steel grip handles on both the console and the rear seat. For longer outings there is a day head on board.

Currently located in Marmaris and available for inspection, this vessel represents an outstanding opportunity for anyone exploring yacht sales in the area and seeking to own an exquisitely engineered and beautifully finished boat.
