## OVERVIEW

---

CURRENT PRICE is provided as an indication only; courteous offers are appreciated.

The Sea Ray 260 Sundeck stands as an elegant and capable deck boat and bowrider, conceived for leisurely day cruises, watersports and refined entertaining afloat. Built upon a sturdy fiberglass deep V hull, she inspires confidence with steady, balanced handling, a soft, dry ride and reliable performance across a variety of conditions. The design's generous footprint and flexible layout accommodate up to 14 passengers, with an open bow lounge that invites conversation, a spacious cockpit designed for sociable gatherings, and a welcoming stern area complete with an integrated swim platform for effortless water access.

Onboard comforts are thoughtfully integrated to lengthen and enrich days on the water. An enclosed head compartment includes a vanity and sink with provision for either a portable or a marine toilet. A cockpit wet bar and entertainment center offers a sink, dedicated storage and cooler stowage so refreshments are close at hand. The extended swim platform serves as an ideal staging area for swimming, boarding and tow sports, while adaptable seating—bow fillers, an aft lounge and flip down armrests—allows the arrangement to be tailored for relaxation or activity. There are numerous available upgrades to enhance the boat further, including a premium stereo, Bimini top, additional gear lockers, a swim/boarding ladder, transom or bow washdown, a cockpit shower and dual battery systems.

Performance on many examples of this model is spirited yet composed. Most 2014 boats were fitted with the MerCruiser 5.0 MPI ECT Bravo III sterndrive producing approximately 260 hp, a package that yields brisk hole shot, smooth midrange power and comfortable cruising capability; alternative propulsion configurations may be encountered depending on owner choices.

The 260 Sundeck's combination of space, refinement and muscle makes it equally suited as a family day cruiser, a watersports runabout, or a stylish platform for weekend escapes.

In actual condition she presents well for her year, with solid structural and mechanical fundamentals, though she would benefit from modest attention to restore her finish. A thorough interior and exterior detailing will rapidly refresh her appearance, and the cushions show honest wear consistent with regular use and may be candidates for reupholstery. The donor reported that the engine required a new starter which was not installed; the vessel is said to have received annual marina servicing. We took delivery with some engine components removed, likely associated with the starter or a maintenance effort. The engine has not been tested, so hours and exact condition are unknown, creating an attractive opportunity for a mechanically inclined owner or a project minded buyer to add value.

Please review the Motors and Machinery Notice regarding engine and systems condition. Domestic and international transport can be arranged through certified marine shippers, with custom cradles and port delivery available for export.

Motors and Machinery Notice: No representation is made regarding the condition of engines, drives, generators or onboard systems. Photographs may show machinery spaces and equipment, but buyers are solely responsible for inspection and verification.

Important: Do not assume that stored accessories or loose equipment are included. The vessel is offered strictly as seen — AS IS, WHERE IS — without any warranty, including merchantability or fitness for a particular purpose. Details are presented in good faith but are not guaranteed and are subject to prior sale, price change or withdrawal without notice.
