## OVERVIEW

---

Available in San Diego, this 2023 Chaparral 267 SSX Black Edition is a single-owner, low-hour example of a 26-foot sport cruiser and bowrider, offering refined performance and style. Propelled by a potent Volvo Penta V8 350 HP DuoProp with only 32 hours on the clock, the boat is renowned for its nimble handling, spacious cockpit and exceptional build quality. Equally at home behind a wakeboard or providing a luxurious platform for day trips on San Diego Bay or serene lake excursions, this Chaparral blends watersports capability with upscale construction and thoughtful design.

# DETAILED DESCRIPTION

---

## Description

---

Presenting the 2023 Chaparral 267 SSX Black Edition, a one-owner sport boat kept in pristine condition and lightly used, offered at a boat show price of \$169,000. She will be on display at SDIBS June 11th–14th at Dock L15 and is currently berthed at the Marriott Marina, showing only thirty-two engine hours and clear evidence of meticulous ownership. Powered by the Volvo Penta V8 2.0 EVC 2.32 DP 350 HP Catalyst engine, she leaps onto plane with authority and responsiveness, reaching roughly 5,100 RPM at wide open throttle, making her equally adept for wakeboarding runs on a lake or elegant cruising across the bay for afternoon entertaining. The forward-folding arch/tower adds practical convenience for storage, trailering, and low-clearance passages while preserving a watersports-ready layout.

This hull wears the coveted Black Edition Package, which elevates cockpit finishes, integrates a premium JL Audio sound system, and installs underwater lights alongside bold, contemporary styling cues. The Black EFX 1 tower/arch shifts forward for enhanced flexibility, and the coordinated black dashes, hardware, and special edition badging deliver a cohesive, upscale appearance. Seating is upholstered in silicone vinyl in Cayenne with black accent vinyl, a rich palette continued by snap-in SeaDek flooring and an Infinity Power Step mat in matching Cayenne, while the extended swim platform and Infinity Power Step provide effortless water access.

Underneath the sleek exterior is serious engineering: an extended V-Plane hull with Kevlar reinforcement promises a confident, composed ride, and Chaparral's CDS Cockpit Drainage System paired with the SBS Self-Bailing System keeps the deck dry and secure. The helm is appointed with vinyl-wrapped fiberglass, a glove box, stainless steel dash panels, backlit

gauges, and a deluxe steering wheel, complemented by helm bucket seats with flip-up bolsters and a deep U-shaped aft seating area with abundant storage. The back-to-back aft seating converts into an oversized sun lounge for leisurely afternoons at anchor, and LED illumination in both the cockpit and engine compartment creates an inviting atmosphere after dusk. Two stainless steel ladders at bow and stern make boarding simple, and a carry-on 36-Qt cooler stows in its dedicated storage for easy access to refreshments.

Practical, durable appointments include a custom stainless steel capped windshield with integral supports, premium gelcoat formulated with Hydropel resin, and stain-resistant silicone cockpit fabric. Electrical systems are protected with Loom & Panduit wrapped wiring and triple sealed connectors, and the boat carries NMMA certification. Warranty coverage further secures ownership with a limited lifetime hull warranty as well as a five-year Premier Level component warranty, with an additional five-year Premier Level limited component warranty included in the specification suite. Service and safety features comprise an automatic/manual fire extinguishing system, a dual battery charger, and compliance with California Emissions/Prop 65 labeling. Comfort and convenience aboard are amplified by an enclosed head with an electric toilet and overboard discharge, a head cabinet and sink, plus the option for a pump-out porta-pottie. The transom is thoughtfully equipped with a stereo remote and tilt switch, docking lights, a bow scuff plate, and four fender holders; an air pump for towables, a mooring cover, and a bowrider filler cushion add everyday practicality. Interior refinements include a Plasdeck teak inlay tabletop with cockpit table and storage, creating a refined, coordinated environment from bow to stern.

Measuring 26.5 feet overall with an 8-foot-6-inch beam, a displacement of 4,700 pounds, and a 65-gallon fuel capacity, this Chaparral 267 SSX occupies a sweet-spot footprint that balances deck space, stability, and range. With only thirty-two hours on the clock, this near-new Black Edition presents a rare

opportunity to acquire a beautifully equipped, watersports-ready sport boat that blends striking aesthetics with genuine utility for family days, entertaining, and spirited cruising.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.
